Montgomery High School
Home of the Bears

FOR THE 2017-2018 ACADEMIC YEAR

22825 Highway 105 West    Phil Eaton, Principal
Montgomery, TX 77356        www.misd.org

IT’S A GREAT DAY TO BE A MONTGOMERY BEAR!
GENERAL INFORMATION

The material in this course guide is intended to provide students with essential information concerning Texas graduation requirements, as well as Montgomery High School curriculum and course descriptions; including academic policies and procedures for the next school year. Students who plan to attend college after graduation should also research and consider the requirements outlined by that institution when selecting courses.

In addition to the comprehensive information in this booklet, the counselors at Montgomery High School will make every effort to provide students and parents with additional information concerning graduation requirements, career choices, post-secondary education, universities, technical schools, military service and financial aid. Parent orientations and workshops are provided in the fall for college admissions and in the spring for financial aid, high school graduation requirements and registration. Research information, computer technology and assistance are also available through the Montgomery High School College and Career Center. It is ultimately the responsibility of the student with the assistance of his/her parents to become familiar with the graduation programs, select the program that best meets his/her post-secondary goals and meet those related requirements.

We are pleased to assist with questions or concerns during the high school years. You may contact the Counseling Center at (936) 276-3008 and the College & Career Center at (936) 276-3093.

While every effort has been made to make the information provided in this Guide as detailed and accurate as possible, there is no guarantee that it is 100% error-free, nor does it supersede established policies and rules as set forth by Montgomery ISD. Contact the counseling department for questions or clarifications. The information provided here is current as of December 2016. A copy of this entire guide and catalog is available on High School page of the district website (www.misd.org) where an online interactive version is also available that will have corrections and the most recent updates of this handbook.

It is the policy of Montgomery ISD to not discriminate on the basis of race, color, national origin, sex, age or disability in providing educational services, activities, and programs, including vocational programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; Section 504 of the Rehabilitation Act of 1973, as amended; the Age Discrimination Act of 1975, as amended; and Title I of the Americans with Disabilities Act. Montgomery ISD will take steps to ensure that the lack of English Language skills will not be a barrier to admission and participation in all educational and vocational programs. For information about your rights or grievance procedures, contact the Title IX Coordinator, Carolyn Fiaschetti, at 13159 Walden Road, Montgomery TX 77356, (936) 276-2000, and/or the Section 504 Coordinator, Kim Howze, at 700 Dr. Martin Luther King, Jr. Drive, Montgomery, TX 77356, (936) 276-2460.
GRADUATION PROGRAMS

Passed by the 83rd Texas Legislature, House Bill 5 (HB5) revises the graduation program for a STUDENT ENTERING GRADE 9 IN THE 2014-2015 SCHOOL YEAR AND ALL SUBSEQUENT YEARS. The new law replaces the current three high school graduation plans (Minimum, Recommended, and Distinguished Achievement) with the Foundation Program, the Foundation Program with an Endorsement and the Distinguished Level of Achievement. HB5 states that the Foundation Plan with an Endorsement is the default high school graduation plan for all students. This plan requires that a student entering grade 9 specify in writing which endorsement he/she will earn.

TOTAL = 22

1. FOUNDATION HSP WITHOUT AN ENDORSEMENT
   (Committee Approval Is Required)
   + 2 Credits: Elective Credits

TOTAL CREDITS WITHOUT ENDORSEMENT = 24

2. FOUNDATION HSP WITH AN ENDORSEMENT
   (The 5 Endorsements are listed in detail below)
   + 4 CREDITS - A STUDENT MAY EARN AN ENDORSEMENT BY SUCCESSFULLY COMPLETING:
   • Four credits in mathematics
   • Four credits in science
   • Two additional elective credits

STEM

Includes courses directly related to:
- science, including environmental science
- technology, including computer science
- engineering
- advanced math

BUSINESS & INDUSTRY

Includes courses directly related to:
- database management
- information technology
- communications
- accounting
- finance
- marketing
- graphic design
- architecture
- construction
- welding
- logistics
- automotive technology
- agricultural science
- HVAC

PUBLIC SERVICES

Includes courses directly related to:
- health sciences and medical occupation
- education and training
- culinary arts and hospitality
- military service in the armed forces (to include the Coast Guard and National Guard)
- law enforcement

ARTS & HUMANITIES

Includes courses directly related to:
- political science
- world languages
- cultural studies
- English literature
- history
- fine arts

MULTIDISCIPLINARY STUDIES

Allows a student to select courses from the curriculum of each endorsement area and earn credits in a variety of advanced courses from multiple content areas sufficient to complete the distinguished level of achievement.

TOTAL CREDITS WITH ENDORSEMENTS = 26

3. DISTINGUISHED ACHIEVEMENT
   (Eligible for College Automatic Admissions)
   • four credits in math, including credit in Algebra II
   • four credits in science
   • completion of curriculum requirements for at least one endorsement

TOTAL CREDITS WITH ENDORSEMENTS = 26

PERFORMANCE ACKNOWLEDGEMENT

A student may earn a performance acknowledgment on the student’s transcript…

1. For outstanding performance:
   - in a dual credit course
   - in bilingualism and bi-literacy
   - on an AP test or IB exam
   - on the PSAT, the ACT-Plan, the SAT, or the ACT

2. For earning a nationally or internationally recognized business or industry certification or license

*Montgomery Independent School District Requirement
ACADEMIC COURSE GUIDE

Students are required to graduate with at least 26 credits.

Foundation Requirements + Endorsement Pathway + Prof. Communication and BIM, (including 1 CTE)

English (4 credits)

- English I
- English II
- English III, DC 1301/1302, AP Language
- English IV, DC 1301/1302/2332,2311
- A.P. Lit., Creative Writing, Business English,
- Public Speaking III, Debate III, Literary Genres,
- Gothic Literature, Philosophy, College Readiness
- English

Math (3 credits + 1 for Endorsement)

- 1st: Algebra I
- 2nd: Geometry
- 3rd: Algebra II, Math Models
- 4th: (select one or more)
  - Algebra II
  - AQR
  - Pre-Calculus
  - AP Statistics
  - AP Calculus AB
  - AP Computer Science
  - Algebraic Reasoning
  - College Readiness Math (12th only)
  - Dual Credit College Algebra
  - Dual Credit Math for Business & Social Sciences 1324 & 1325
  - Dual Credit Statistics (.5)

Science (3 credits + 1 for Endorsement)

- 1st: Biology
- 2nd: Chemistry
  - or IPC (based on need)
- 3rd and 4th credit options:
  - Physics
  - Aquatic Science
  - Astronomy
  - Environmental Science
  - Animal Science (CTE)
  - Forensic Science (CTE)
  - Anatomy & Physiology (CTE)
  - Pathophysiology (CTE)
  - Principles of Engineering (CTE)
  - Engineering Design & Prod (PLTW)
  - AP Biology
  - AP Chemistry
  - AP Physics 1, 2
  - AP Environmental Science

Social Studies (3 credits)

- World Geography, AP Human Geography
- World History
- US History
- Government/Economics (12th grade)

LOTE (2 credits of the same language)

- Year 1 (French, Spanish)
- Year 2 (French, Spanish)

PE (1 credit)

- Foundations of Personal Fitness
- Aerobics Movement
- Team Sports
- Athletics (4 credits max)
- MJROTC (4 credits max)
- Off campus PE (meet requirements and guidelines)
- Dance Team (1 credit only)
- Marching Band (Fall only - 2 years)
- Cheerleading (1 credit only)

Fine Arts (1 credit)

- Art
- Band (Spring only - 2 years)
- Choir
- Dance
- Floral Design (CTE)
- Theatre

Speech (.5 credit)

- Professional Communications

Health (.5 credit)

Technology Application (1 credit)

- Business Information Management (BIM)

Electives (5 credits to include courses for the Endorsement Pathway)

**MULTIDISCIPLINARY**

- 4 Credits in each of the four foundation subject areas to include English IV and Chemistry and/or Physics
- 4 AP courses to include one credit in each of the four foundation subjects
- 4 Advanced Courses from within one endorsement area that are not in coherent sequence

Updated 12/9/16
HIGH SCHOOL GRADUATION TESTING REQUIREMENTS

State Of Texas Assessments Of Academic Readiness (STAAR)

STAAR end-of-course (EOC) assessments are administered for the following courses: Algebra I, Biology, English I, English II, and U.S. History. STAAR is a more rigorous assessment program that provides the foundation for a new accountability system for Texas public education. Satisfactory performance on the applicable assessments is required for graduation, unless otherwise waived or substituted as allowed by state law and rules. There are three testing windows during the year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment. In limited circumstances, a student who fails to demonstrate proficiency on two or fewer of the required assessments may still be eligible to graduate if an Individual Graduation Committee, (IGC) formed in accordance with state law, unanimously determines that the student is eligible to graduate.

STAAR-A will be available for an eligible student with a Section 504 accommodation plan who has been identified with dyslexia or a related disorder, as well as for a student receiving special education services, if the student meets state-established criteria and requires certain instructional and assessment accommodations on a routine basis.

STAAR EOC Performance Standards

* The standard in place when a student first takes an EOC assessment is the standard that will be maintained throughout the student’s school career. Standards apply beginning with students first enrolled in Grade 9 or below in 2011-2012.

GRADE LEVEL CLASSIFICATION

A student is classified according to the number of credits earned at the beginning of the school year. A student beginning the school year as a freshman WILL NOT be reclassified at midterm; however, a repeat sophomore or junior who earns the required number of credits by the spring semester WILL BE RECLASSIFIED. A fourth year junior will be reclassified to senior status immediately upon earning the required 18 credits.

COURSE REGISTRATION

Spring Registration Procedures & Timeline

January/Early February: Registration orientation is conducted for each grade level, including an evening meeting for the parents of incoming 9th grade students (includes advisement and distribution of course selection forms).

February: Students return completed course selection forms to counselors. Course Request Verifications sent home.

Friday prior to Spring Break: **LAST DAY FOR STUDENTS TO SUBMIT CHANGES TO COURSE SELECTIONS FOR THE UPCOMING SCHOOL YEAR.**
Registration Requirements:

- Students in grades 9-11 are required to register for eight classes and remain on the MHS campus for eight periods (unless in 11th grade and in the Career Preparation Program)
- Students in grade 12 must register for a minimum of six consecutive periods on the MHS campus.
- Students in grade 12 attending college classes, enrolled in dual credit classes, or participating in the Career Preparation Program must register for a minimum of three consecutive periods on the MHS campus.
- Fifth-year seniors will be permitted to attend only those classes needed to meet graduation requirements provided that the courses can be scheduled during consecutive periods.

**SCHEDULE CHANGES**

Administrators select and hire teachers and create the master schedule based on the courses requested by students. After selecting required courses, students should choose electives and alternates carefully. Those decisions are binding. Schedules are determined by course selections; therefore, schedule changes will ONLY be made if:

- Senior not enrolled in a class REQUIRED for graduation
- Student scheduled for a class for which he/she already has credit
- Student is scheduled into a class for which the student does not have the prerequisite
- Student not enrolled in an application/audition course for which they were approved
- Counselor’s scheduling error
- Balancing of class sizes
- Student needs to add a course to be a full time student/has an incomplete schedule
- Student is cut from any extracurricular program (WITHIN THE CUT DEADLINE)
- IEP/504 Committee decision
- Students may request a schedule change from an advanced/AP class under the following two conditions:
  1) A grade of “74” or below for the 1st six weeks
  2) At the conclusion of the 1st semester

*Note: Grade points are awarded for courses at semester. If a student moves at the end of the 1st six weeks grading period, the grade transfers to the level class and to a level grade. If a student moves at the end of the semester, the semester grade will receive the advanced grade points.*

**How to handle a schedule concern** (Please note that if your schedule reflects those courses and alternates requested on your course selection form, YOU HAVE NO SCHEDULE CONCERNS.)

- Students must complete and turn in the Schedule Concern-Error Notification Form, which is available in the Counseling Center, no later than 5 days after the first day of class.
- Until your concern is addressed, YOU MUST FOLLOW YOUR CURRENT SCHEDULE.
- No student is to leave a class for a schedule concern unless sent for by a counselor.
- Requests that are NOT turned in by the deadline stated on the form will not be honored!

The following Schedule Change requests will not be approved:

- Requests for a TEACHER change
- Requests for a lunch change
- Requests for an elective change
- Requests to drop a course after the drop deadline
- Requests to add a course after the add deadline
- Requests to drop an advanced course after the drop deadline
- Requests for a period change

**Lost schedule?**

Students will receive their official schedule on the first day of each semester. Students must present this official schedule to each instructor the first time they enter each class. **There will be a $1.00 fee for each replacement schedule, which may be obtained in the Counseling Center.**

**How to handle a teacher concern**

Montgomery High School hires only highly qualified staff members and therefore does not allow teacher changes. If a concern with a teacher comes to our attention, our goal is to address the concern and develop a plan to help the student be successful in their current placement.

Students or parents who have a concern should first contact the appropriate staff member and schedule a parent-teacher conference. The most direct route to resolving a concern is to confer directly with the person involved, whether it is a teacher, coach, sponsor, or etc. If the outcome of that meeting is not satisfactory, they may also speak to the department chair to try to resolve the concern. If the concern is still not resolved, they should request a conference with the Associate Principal of Curriculum and Instruction. Please note that time is required to collect relevant data on the conflict, so scheduling a conference in advance is required.
ADVANCED PLACEMENT (AP) COURSES

The Advanced Placement (AP) Program is a program of college-level courses and exams for secondary students provided on the high school campus. The Advanced Placement Program is administered by the College Board and is a national program. For students who are willing and able to apply themselves to college-level studies while in high school, the program enriches both the secondary and post-secondary educational experience. It also provides the means for colleges to grant credit, placement or both to students who have attained a high level of mastery on an AP Exam. All students enrolled in AP courses will be required to take the AP exam and will pay for the exam(s) at the beginning of the school year. The current cost of the exam is $92. Financial assistance is available for students that qualify, based on their enrollment in the Federal Free and/or Reduced Lunch Program. Colleges may award credit based on the score of the AP Exam. Approximately 2,200 colleges receive these grades and use them as the basis for granting credit and/or placement to entering students whose scores meet their requirements. Financial aid is available to help with exam costs.

MHS offers Advanced Placement courses in:
- English Language & Composition
- English Literature & Composition
- Music Theory
- Studio Art 2D Design
- European History
- Macroeconomics
- Microeconomics
- Psychology
- US Government & Politics
- US Government & Politics: Comparative
- French Language
- Spanish Language
- Calculus AB
- Statistics
- Biology
- Chemistry
- Environmental Science
- Computer Science Applications
- Physics 1
- Physics 2
- AP European History
- Advanced French III
- AP French Language
- AP Macroeconomics
- AP Microeconomics
- AP Music Theory
- AP European History
- AP Psychology
- AP Spanish Language
- AP Statistics
- AP Studio Art 2D Design
- AP US Government & Politics: Comparative

Advanced Course & Advanced Placement (AP) Criteria
The MHS advanced and Advanced Placement courses offer special opportunities for motivated students to pursue academic work that challenges their interests and abilities. These courses offer an environment designed to encourage higher level academic achievement. The student must have mastered the most recent state assessments taken to be eligible for these classes. An Advanced/AP Student/Parent Contract must be submitted along with course registration form.

Successful students are task-oriented, proficient readers, able to prioritize their time and have parental support. A grade of 65 or above in an advanced/AP/DC class meets UIL eligibility standards. However, a grade of 65-69 is not considered a passing grade in regard to satisfactory progress.

A student who enrolls in an AP class will be required to take the AP exam associated with the class payment for the AP exam will be due within the first 10 days of school failure to set up payment for the AP exam will result in the removal of the student from the AP class at the conclusion of this 10 day period.

Students may exit an advanced/AP course with parent approval within the first 10 days of the beginning of school or with teacher grade verification at the end of the 1st six weeks of the first semester if they have an average below 75 or they may exit at the end of the first semester. If there is no level course for students to exit to, then the student must remain in the class. When a student transfers from an advanced/AP course, the grades for that student will transfer to the course in which the student enters. If a student moves at the end of the 1st six weeks grading period, the grade transfers to the level class and to a level grade. If a student moves at the end of the semester, the semester grade will receive the advanced grade points.

COURSES FOR WHICH THERE IS NO EQUIVALENT LEVEL COURSE AND, THEREFORE, NO EXIT INCLUDE:
- ACADEC I-IV
- AP Biology
- AP Calculus AB
- AP Chemistry
- AP Computer Science Applications
- Advanced Debate II, III, & IV
- AP Environmental Science
- AP European History
- Advanced French III
- AP French Language
- AP Macroeconomics
- AP Microeconomics
- AP Music Theory
- AP Physics 2
- AP Psychology
- AP Spanish Language
- AP Statistics
- AP Studio Art 2D Design
- AP US Government & Politics: Comparative
**DUAL CREDIT (DC) COURSES**

Dual Credit allows a student to earn high school credit while completing a college course. Dual credit is part of the Lone Star College System's (LSCS) exceptional admissions program, designed specifically for high school juniors and seniors ready for college-level instruction. Students who demonstrate college readiness on a placement exam can earn college and high school credits simultaneously by attending classes at their high school or at Lone Star College. Many of the classes are transferable to public colleges or universities in Texas, and some are accepted by out-of-state and private colleges.

MHS offers Academic Dual Credit Courses in:

Workforce Dual Credit is designed to allow high school students to enroll in LSCS credit workforce programs and receive high school credit for career and technical classes. Students who participate in these classes/programs will graduate with career skills and in many cases, a certification approving them for employment in their industry. Please check with your local college campus to see whether or not you can take advantage of this opportunity.

- Dual credit courses are college level academic or technical courses taken by high school students for which they receive high school credit and college credit concurrently.
- Typically, courses are open to students in grades 11-12 (including summer of the sophomore and junior year) who are in good academic standing.
- The MISD Board of Trustees shall approve courses for which high school credit shall be granted.
- Specific requirements will be provided by the high school dual credit coordinator.
- MHS students successfully completing a dual credit course will receive weighted GPA points.
- A college or university awards credit for a dual credit course immediately after a successful completion of the course.
- Dual credit courses may require high school students to pay regular or reduced tuition and fees, or the college may elect to waive these costs.
- Dual credit courses may be offered in one of the following ways:
  - The course may be taught on the college campus by a college instructor.
  - The course may be taught on a high school campus by a college instructor.
  - The course may be taught on a high school campus by a qualified high school teacher, or the course delivered by a qualified instructor from another ISD via distance learning capabilities.
  - Online refers to a course that is delivered 100% via web-based instruction.
  - Hybrid refers to a course that has a substantial portion of the course delivered web-based while some learning outcomes require hands-on experience done in face-to-face instruction.

**Dual Credit Eligibility Requirements:**

- The student has a current admissions application on file with LSCS.
- The student has an exceptional admission form with approvals from their high school administrator, college designee and parent/guardian.
- The student has taken an approved assessment:
  - TSI (reading, writing, and/or math relevant to the courses being taken) or
  - Exempt scores based on ACT or SAT.
  - For dual credit students who do not have exemption scores in all sections of the SAT and/or ACT, additional assessment will be required.
- Students shall notify the dual credit coordinator if there is a change in their status at the college/university.
- Credit shall not be awarded without the official presentation of the college transcript or grade report to the dual credit coordinator within five school days of the grades being posted.
- Transportation is the responsibility of the parent and student. The district is not liable for injury occurring once the student leaves campus.
- If a student earns a D or below, the student will be dropped from the program and may no longer take dual credit courses.
- There is no guarantee of credits being transferred to other colleges or universities.
- Students may qualify to take 9 hours of credit per semester with approval of both the MHS & Lone Star dual credit coordinators.
- The student may be eligible to enroll in workforce education dual credit courses in the eleventh and/or twelfth grade if the student achieves the workforce admissions standards.

*Concurrent Credit* – Juniors or Seniors who meet entrance requirements of a college/university and who have approval from the MHS dual credit coordinator may take other classes at a college or university that will count for college credit but not for high school credit.
Comparing Advanced Placement And Dual Credit
Knowing the differences between Advanced Placement and Dual Credit courses will assist you in planning for both high school and college courses.

INTERSCHOLASTIC COMPETITION ELIGIBILITY

Students in grades 7 through 12 may participate in extracurricular activities on-campus or off-campus at the beginning of the school year only if they have earned the cumulative number of credits in state-approved courses as indicated below, with the exception of special education students whose status is defined by the ARD committee and their own IEP’s.

1) Beginning in Grade 7 and continuing through Grades 8 and 9: must have been promoted from previous grade, not placed.
2) Beginning in Grade 10 or the second year of high school (Grades 9 through 12): must have earned five (5) state credits.
3) Beginning in the third year of high school: must have earned ten (10) state credits or must have earned five (5) state credits during the preceding 12 months.
4) Beginning in the fourth year of high school: must have earned 15 state credits or must have earned five (5) state credits during the preceding 12 months.

Credits earned in summer school or in correspondence may be used to determine eligibility.

A student who receives at the end of a grading period a grade below 70 (grade below 65 in an Advanced Placement, or an advanced or a dual credit course in English/Language Arts, mathematics, science, social studies, economics, or a foreign language) in any academic class may not participate in extra-curricular activities for at least three school weeks. The student becomes ineligible seven (7) days after the last day of the six-week grading period. For example, if the six-week grading period ends at 2:35 p.m. on Friday, October 4, the suspension would take effect at 2:35 p.m. on Friday, October 11.

A student regains eligibility seven calendar days after the three school week evaluation period, if the student is passing all courses on the last class day of the three school week period. The student’s work is evaluated from the first class day of the new grading period to the end of the three school week evaluation period. If the student has at least a minimum grade of 70 on a scale of 70 -100 for work done since the end of the previous grading period, the student may regain eligibility seven calendar days later at the time the regular school day ends. Parents and students are encouraged to consult the coach/sponsor if there is a question. Note: Schools taking breaks of one week or more are reminded that those weeks do not count as part of this period. All students are eligible during this time.

12
Students who assist the sponsor or coach, such as student managers, must meet all academic eligibility requirements even though they do not participate in the performance or contest. Students must also be in attendance at least one-half day prior to competition or practice to be eligible for either practice or activity. Lastly, a student receiving a course grade of “I” (Incomplete, pending completion of required work) is considered ineligible until the “I” is replaced with a passing grade for that grading period.

AWARD OF CREDIT

In addition to course offerings provided at MHS, the district provides other options for earning high school credits. Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, Internet, video-conferencing, and instructional television. The distance learning opportunities that the district makes available to district students is through the Texas Virtual School Network (TxVSN). If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the Texas Virtual School Network (TxVSN), in order to earn credit in a course or subject, the student must receive permission from the principal prior to enrolling in the course or subject. If the student does not receive prior approval, the district may not recognize and apply the course or subject toward graduation requirements or subject mastery. Credits earned through credit by examination, correspondence, CLEP, summer school, junior high and virtual school are not included in the GPA and are not used for ranking purposes nor do they replace grades earned during the regular school year on the Academic Achievement Record. The following information should be helpful to students and parents who wish to consider these options.

CREDIT BY EXAMINATION (CBE)

Students seeking original credit for a course in which they have had no prior instruction may take the appropriate exams (Texas Tech or University of Texas) according to the schedule listed above. Students also have the option to take Advanced Placement (AP) exams or College Level Examination Program (CLEP) without prior instruction and receive credit for the class if the student scores:

1. Eighty percent (80%) or above on the criterion-referenced exam for acceleration for the course
2. A three (3) or higher on an AP exam, or
3. A scaled score of fifty (50) or higher on a CLEP exam

If credit is granted, the examination score will be entered on the student’s transcript and the student is not required to take an end-of-course assessment instrument for that subject. Students may not attempt more than two times to receive credit for a particular subject on the basis of an examination for credit in that subject.

</tr>
</tbody>
</table>

**CBE For Acceleration**

A student will be permitted to take an exam to earn credit for an academic course or subject area for which the student has had no prior instruction, i.e., for advancement, or to accelerate to the next grade level. The exams offered by the district are approved by the district’s board of trustees, and state law requires the use of certain exams, such as College Board Advanced Placement (AP) and College Level Examination Program (CLEP) tests, when applicable. The dates on which exams are scheduled are published in course selection guides, parent/student handbooks and on the district’s website. During each testing window provided by the district, a student may attempt a specific exam only once. There is no fee for examinations for acceleration.

**Performance Criteria for Acceleration:** To receive credit for the course, the student must score an 80 percent or higher on the district’s designated criterion-referenced test covering the requirements in Chapters 74 and 75 of the Texas Administrative Code (TAC) and district objectives of the course.

**Granting and Recording Credit:** Test scores will be posted to the AAR and credit will be awarded for grades of 80 or higher. No advanced course designations will be given. CBE grades will not be computed in the GPA and/or used for ranking purposes.
CBE For Verification
Eligible students have the opportunity to earn credit in courses for which they have had prior instruction through CBE. See the counselor for specific information about courses and requirements. The high school CBE for verification program is for students who participated in home schooling, attended a non-accredited school or had a non-traditional academic background.

Performance Criteria for Verification: To receive credit for the course, the student must score a 70 percent or higher on the district’s designated criterion-referenced test covering the requirements in Chapters 74 and 75 of the TAC and district objectives of the course.

Granting and Recording Credit: Test scores will be posted to the AAR and credit will be awarded for grades of 70 or higher. No advanced course designations will be given. CBE grades will not be computed in the GPA and/or used for ranking purposes.

CBE For Retrieval
A student who has previously taken a course or subject – but did not receive credit or a final grade for that subject – may, in circumstances determined by the principal or attendance committee, be permitted to earn credit by passing an exam approved by the district’s board of trustees on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a non-accredited school. The opportunity to take an examination to earn credit for a course or to be awarded a final grade in a subject after the student has had prior instruction is sometimes referred to as “credit recovery.”

The school counselor or principal would determine if the student could take an exam for this purpose. If approval is granted, the student must score at least 70 on the exam to receive credit for the course or subject. The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an exam.

For further information, see the school counselor and policy EHDB (LOCAL).

Performance Criteria for Retrieval: To receive credit for the course, the student must score a 70 percent or higher on the district’s designated criterion-referenced test covering the requirements in Chapters 74 and 75 of the TAC and district objectives of the course.

Granting and Recording Credit: Test scores will be posted to the AAR and credit will be awarded for grades of 70 or higher. No advanced course designations will be given. CBE grades will not be computed in the GPA and/or used for ranking purposes.

CORRESPONDENCE COURSES
State-required credits for graduation may be earned through correspondence courses. Courses must be taken from the University of Texas Extension Division or the Extension Division of Texas Tech University. The student is responsible for fees and books required for correspondence courses.

Correspondence Courses for Initial Credit: A student may take a maximum of four (4) semesters (2 credits) through correspondence. Information for correspondence courses is available through the Counseling Center.

Correspondence Courses for Retrieval of Credit: Information for correspondence courses for retrieval of credit is available through the Counseling Center.

Correspondence grades must be received by May 1st if the grades are necessary for graduation. Students will not be allowed to use these grades for purposes of participating in the graduation exercise after this date. Grades earned in this manner are not included in the GPA and not used for ranking purposes nor do they replace grades earned during the school year on the AAR.

SUMMER SCHOOL
Summer school courses may be used for remediation or retrieval of credit depending on the offering institution. Courses offered should be comparable to the same courses taught during the regular school semester(s) in content and achievement standards. Grades earned in this manner are not included in the GPA and not used for ranking purposes, nor do they replace grades earned during the regular school year on the AAR. Students should see their assigned counselor for additional information.

JUNIOR HIGH COURSEWORK
High school courses taken in junior high school will earn credit toward the 26 credits required for graduation. However, it is strongly suggested that students complete four (4) math credits while on the MHS campus for college readiness. Grades earned in junior high are not included in the GPA and not used for ranking purposes nor do they replace grades earned during the regular school year on the AAR.
TEXAS VIRTUAL SCHOOL NETWORK (TxVSN)

The Texas Virtual School Network (TxVSN) has been established by the state as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TxVSN to earn course credit for graduation. The Superintendent or designee shall establish procedures for students to enroll in courses provided by the Texas Virtual School Network (TxVSN). Enrollment in courses through the TxVSN shall not be subject to limitations the district may impose for other distance learning courses. Montgomery ISD will deny requests by students to take a course through TxVSN if our district already offers a substantially similar course.

CAREER & TECHNICAL EDUCATION

The Career and Technical Education Department encourages students to pursue certification and licenses as appropriate. Certification and licenses are available in the selected Career and Technical Education program areas. Students should consult with their teachers and/or counselors to discuss the various opportunities.

The following certifications are offered at Montgomery High School or through LSCS:

- Floral Design Certification – Floral Design Students
- Microsoft Office Specialist (MOS) – BIM Students
- OSHA – Most CTE classes offer this certification
- Servsafe – Culinary Arts Students
- Pharmacy Technician (CPHT) – Pharmacy Tech students
- Certified Nurses Aid (CNA)
- Emergency Medical Technician (EMT) – Lone Star Technical Credit Course
- National Institute for Automotive Service Excellence (ASE) – Automotive Technology classes at Lone Star
- National Center for Construction Education and Research (NCCER) – Welding and Machining classes at Lone Star
- Armed Forces – Students eligible for Service Academy appointments, ROTC Scholarships and enlisted promotion to E-2.

FOREIGN EXCHANGE STUDENTS

The purpose of a foreign exchange program is for cultural and social enrichment. Foreign exchange students are not eligible to graduate from MHS nor will they be issued a diploma. Because Texas law does not allow school districts to charge these students to attend school, MISD cannot complete I-20 forms for any foreign exchange student. An I-20 form requires that the District acknowledge the acceptance of tuition from students who attend District schools, but aren’t residents of the United States. MHS has a waiver on file with TEA limiting the number of foreign exchange students that may enroll. Please contact the MHS Counseling Center to verify availability.

A student that enrolls in MHS as a foreign exchange student must have approval from the District by August 1 of the school year he/she wishes to enroll and will only be accepted in the fall; there is no mid-term enrollment for a foreign exchange student. The host family must reside within MISD’s attendance zone. A foreign exchange student will be required to take the following courses: English III or AP English Language, US History and US Government. Additional courses to complete the schedule should enhance the cultural and social experience of the exchange. If an exchange student wishes to enroll in mathematics or science, he/she must, upon enrollment in MHS, provide recommendations for the level of math and/or science that is best matched for his/her success. A foreign exchange student must meet the prerequisites, guidelines and level changes as all other District students. Regardless of the year in school in their home country, a foreign exchange student is classified as an eleventh grade student. A foreign exchange student will be required to take STAAR EOC assessments for courses in which he/she is enrolled. A foreign exchange student is encouraged to participate in clubs, activities and athletics while enrolled at MHS, as well as present information about his/her home country to the MHS community.
Class ranking is determined by the student’s GPA. The GPA is calculated by averaging semester grades earned in all high school credit courses taken in grades 9-12. The calculation of class rank and GPA excludes grades earned in or by: summer school; credit by examination, with or without prior instruction; night school; pass/fail courses; distance learning; local credits; and grades earned prior to grade 9 for high school credits.

* **Modified Content Courses:** The District shall categorize and weight as Modified Content each eligible course for which a student’s Individual Education Plan (IEP) Committee has modified the required content in relation to the Texas Essential Knowledge and Skills (TEKS) and has reflected these changes in the student’s IEP.

** **Level Courses:** All eligible courses not considered Dual Credit, Advanced Placement, Advanced or Modified in content shall be categorized and weighted as Level Courses.

*** **Advanced Courses:** Eligible courses locally designated as advanced courses in the course selection guide shall be categorized and weighted as Advanced Courses.

▼ **Dual Credit/Advanced Placement:** All Dual Credit and College Board recognized Advanced Placement courses shall be categorized and weighted as Dual Credit/Advanced Placement.
TRANSFER GPA/CREDIT POLICY:
MHS accepts all grades and credits (including summer school, CBE and correspondence courses) required for graduation earned at any accredited public school within Texas.

Advanced, Advanced Placement (AP) and Dual Credit grade points will only be given for those advanced, AP and Dual Credit courses offered to MHS students. If the course isn’t offered at MHS, the AAR will indicate the course as advanced, AP or Dual Credit, and it will carry level grade points.

Transcripts and coursework for students transferring from non-accredited schools (including home schooling) will be evaluated to verify if the content of courses for which the student has received instruction and/or earned credit meets the criteria approved by the SBOE for Grades 9 through 12 relating to TEKS. The campus principal or designee will determine if additional verification of course content mastery is necessary in order to award credit.

GRADES FROM OTHER SCHOOLS WILL BE CONVERTED TO THE MISD GRADING SCALE AS STATED IN THE FOLLOWING POLICY:

- If transfer grades from other schools are reported in letter grades or percentages with no conversion scale provided, grades will be converted to the state and MISD grade conversion scale as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Conversion</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>99</td>
</tr>
<tr>
<td>A</td>
<td>95</td>
</tr>
<tr>
<td>A-</td>
<td>92</td>
</tr>
<tr>
<td>B+</td>
<td>89</td>
</tr>
<tr>
<td>B</td>
<td>85</td>
</tr>
<tr>
<td>B-</td>
<td>82</td>
</tr>
<tr>
<td>C+</td>
<td>79</td>
</tr>
<tr>
<td>C</td>
<td>77</td>
</tr>
<tr>
<td>C-</td>
<td>75</td>
</tr>
<tr>
<td>D+</td>
<td>74</td>
</tr>
<tr>
<td>D</td>
<td>72</td>
</tr>
<tr>
<td>D-</td>
<td>70</td>
</tr>
<tr>
<td>F</td>
<td>69</td>
</tr>
</tbody>
</table>

- Numerical grades and award of credit will be accepted from other districts as they are printed on their official transcript. For numerical grades from districts where the passing standard is less than 70, a designation of “P” will be used to award credit. However, grade points will not be assigned. Numerical grades, which are not passing in the sending school, will not receive credit or grade points at MHS for those courses.
- If transfer grades from other schools are reported in letter grades or percentages, MHS will honor the conversion scale printed on the official transcript or provided in writing from an official of the sending school.
- If a student’s transcript reflects a grading scale different from the circumstances stated above, every effort will be made to convert the grades as closely as possible to the MISD grading scale.

MHS GRADES, FOR NCAA ELIGIBILITY CONSIDERATION, EQUATE TO THE FOLLOWING:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>

</tbody>
</table>

Courses Exempted From No Pass / No Play

Below is a list of advanced courses to be exempted for No Pass - No Play purposes, as per SB 1517, section 33.081 Education Code:

- Advanced Debate II-IV
- Advanced English I-II
- AP English Language & Composition
- AP English Literature & Composition
- ACADEC I-IV
- Advanced World Geography
- Advanced World History
- AP European History
- AP Human Geography
- AP Macroeconomics
- AP Microeconomics
- AP Psychology
- AP US Government
- AP US Government & Politics: Comp.
- AP US History
- AP World History
- AP Music Theory
- AP Studio Art 2D Design Portfolio
- Advanced French II-III
- Advanced Spanish II-III
- AP French Language
- AP Spanish Language
- Advanced Algebra I-II
- Advanced Geometry
- Advanced Pre-Calculus
- AP Calculus
- AP Statistics
- Advanced Biology
- Advanced Chemistry
- AP Biology
- AP Chemistry
- AP Environmental Science
- AP Physics 1
- AP Physics 2
- AP Computer Science Applications
- All Dual Credit/Dual Credit CTE Courses
- All year long Project Lead the Way Courses

Academic Letter

An Academic Letter is awarded to students that have maintained a 3.5 GPA for four semesters. The four semesters do not have to be consecutive. Students that meet the requirements need to sign up with the registrar. Academic Letters are awarded in the spring.
Class Ranking

Senior Rankings are released each year in September and February. Final rankings will be calculated after the Fall Semester. The three-year graduate will be ranked with the graduating class according to his/her GPA.

Junior rankings are released at the end of the 1st, 4th, and 6th grading periods each year.

Sophomore and Freshman rankings are released at the end of the 4th and 6th grading periods each year.

Students who have not completed attendance requirements by the date class ranks are computed will be ranked as credit attempted but no credit received. The class rank will not be recalculated at the time the credit is earned, but at the next scheduled time for the appropriate grade level.

IMPORTANT INFORMATION FOR SENIORS

Pass / Fail Courses
Guidelines and conditions for selecting a course to be taken on a PASS/FAIL basis: MHS shall permit a fourth year student who has reached senior status to take, during each semester, up to two courses not required for graduation credit under the student’s graduation program. Grades earned as pass/fail will not count toward class rank. The following terms and conditions apply.

The student shall:
1. Have passed all sections of their state-mandated testing requirements for graduation.
2. Be required to have written parental permission.
3. Be required to take concurrently at least four courses for traditional grades.
4. Declare pass/fail status at the time of course selection or no later than the fifth day the class meets for the semester in which the course will be taken. Once pass/fail status has been selected by the student, it cannot be changed back during that semester.
5. The student will be given a numerical grade each six weeks. At the end of the semester, a grade of pass/fail will be placed on the report card. Final exemption guidelines for senior exemptions set out in the student handbook shall apply to pass/fail courses.
6. The student and parent are responsible for verifying with any college or university to which the student plans to apply that pass/fail courses will be accepted for credit.
7. In order to maintain eligibility in extracurricular activities while taking courses on a pass/fail basis, a student shall be required to make a passing grade each six weeks.
8. PASS/FAIL PERMISSION FORMS are available in the Counseling Center.

Honor Graduates
Valedictorian: The four-year graduate with the highest GPA holds the honor of valedictorian. A three-year graduate with a GPA as high as or higher than the highest four-year graduate shall be considered tied for valedictorian honors, and salutatorian status will not be affected. In order to be eligible for valedictorian, a student must be in attendance at MHS four consecutive semesters of his/her final two school years.

Salutatorian: The four-year graduate with the second highest GPA holds the honor of salutatorian. A three-year graduate with a GPA as high as or higher than the second-highest four-year graduate but less than the valedictorian will be considered tied for salutatorian honors. In order to be eligible for salutatorian, a student must be in attendance at MHS four consecutive semesters of his/her final two school years.

State of Texas Top 10% Graduates: This group of students consists of both three-year and four-year graduates that fall among the top 10% of the graduating class at the time of official rankings. They are eligible for automatic admission to any public university in Texas, except the University of Texas based upon their sixth semester GPA and ranking. To be eligible for automatic admission, a student must:

- Graduate in the top 10% of his/her class at a public or private high school in Texas;
- Enroll in college no more than two years after graduating from high school; and since deadlines vary, students should check with the specific university to verify the application deadline.
- Submit an application to a Texas public university for admission before the institution’s application deadline.

Higher education institutions may limit the number of first-time freshmen admitted under this policy if the number of first-time freshmen eligible for admission exceeds, by more than 10%, the average size of the first-time freshmen classes admitted the previous two years.

MHS Honor Graduates: This group of graduates is determined after the final senior class ranking following the First Semester. It includes the top 10% of the graduating class consisting of the three-year and four-year graduates as determined by the State of Texas Top 10% guidelines as well as any four-year graduates that may have been displaced by the addition of the three-year graduates. This group, therefore, may include slightly...
more than 10% of the graduating class. In accordance with Texas Education Code (TEC), §28.026, and Texas Administrative Code (TAC), §61.1201, school districts are required to provide eligible students with written notification of eligibility for automatic college admission under the Uniform Admission Policy (TEC §51.803). No later than the 14th day after the last day of classes for the fall semester, a campus designee shall notify each eligible senior, each junior with a grade point average in the top ten percent, and each student’s parent or guardian of the student’s eligibility for automatic college admission.

**Early Graduation**

A student wanting to participate in graduation exercises and receive a diploma in less than four years shall make written application to the counselor by October of his/her junior year. The student will receive counseling regarding early high school graduation. Early graduation students will be ranked with the graduation class according to his/her GPA as addressed in the previous section on “Class Ranking.” Valedictorian, salutatorian, State of Texas Top 10% and MHS Honor Graduate designations are addressed in the previous section on “Honor Graduates.”

*Please Note: Students may not graduate early on the MHSP or the FHSP without an endorsement.*

**Texas Public University / College Automatic Admission**

Students graduating in the top 10% of our school’s graduating class are granted automatic admission into a Texas public four-year university or college for two years following graduation, except for the University of Texas (UT). UT sets the top graduating percentage and it is posted on their website. To qualify for this automatic admission, students must complete one of the following two criteria:

1. Complete one of the following Texas Graduation Plans: RHSP, DAP or FHSP w/ Endorsement.
2. Satisfy the ACT College Readiness Benchmarks* or earn at least a 480 on the Evidence-Based Reading and Writing on the SAT and at least a 530 on the Math SAT.

### ACT’s College Readiness Benchmarks

<table>
<thead>
<tr>
<th>College Course of Course Area</th>
<th>ACT Score</th>
<th>TSI Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>English Composition</td>
<td>English: 18*</td>
<td>Writing: 363-390 with 4 on essay (or any score with 5+ on essay)</td>
</tr>
<tr>
<td>Social Sciences</td>
<td>Reading: 22</td>
<td>Reading: 351-390</td>
</tr>
<tr>
<td>Algebra</td>
<td>Mathematics: 22</td>
<td>Mathematics: 350-390</td>
</tr>
<tr>
<td>Biology</td>
<td>Science: 23</td>
<td></td>
</tr>
</tbody>
</table>

*Lone Star College requires a composite score of 23 on the ACT with at least a 19 in English and at least a 19 in Math to be exempt from taking the TSI. Scores must be less than 5 years old and achieved in one sitting.

**College Admission Eligibility Requirements (House Bill 3826)**

The state legislature amended the current admission eligibility requirements for students applying to any general academic teaching institution, including those institutions with open enrollment policies. Effective September 1, 2007 and thereafter, only applicants who have completed the RHSP or DAP, or the FHSP with an Endorsement are eligible to apply to a 4-year college for admission. This also applies to students eligible for automatic admission by graduating in the top 10% of their class.

In addition, this law further states that institutions of higher learning shall admit any applicant who is the child of a public servant killed or having sustained a fatal injury in the line of duty. Applicants need to meet the minimum requirements of the institution of higher learning.

**Certificate Award / 4-Year Special Service Student (Senate Bill 673)**

Students receiving special education services can opt to participate in the graduation ceremony after their fourth year of high school. A certificate of attendance will be issued instead of a diploma to allow students to participate in commencement exercises with their same age peer/class cohort. The statute limits student participation to only one graduation ceremony.

---

**COLLEGE ENROLLMENT/ FINANCIAL AID/ SCHOLARSHIPS**

Higher education and technical skills are important for most careers in our highly complex world. Information to aid in planning for post-secondary education, universities, technical schools or military service is available through the MHS College and Career Center. Free information on college preparation for middle and high school students, easy-to-understand descriptions of the different types of student financial aid available, insights to popular careers, plus links to every college website in Texas are available at [www.CollegeforAllTexans.com](http://www.CollegeforAllTexans.com). Student and parent orientations are
Some important information to consider when planning secondary (high school) coursework and post-secondary (college and technical school) entrance is listed below:

1. Students ranked in the top 7%-10% of their graduating class are eligible for automatic admission to most public universities in Texas. Specific requirements are addressed in the previous section on “Honor Graduates.”

2. Colleges and universities have course entrance requirements that may be above those required for graduation from high school. Some colleges and universities in Texas now require students to graduate under the RHSP or FHSP W/ Endorsement as an admission requirement.

3. SAT or ACT college entrance examinations are required for admission to four-year colleges and universities. Consult college catalogs and/or websites to determine which test to take and deadlines. Registration forms and prep materials are available in the Counseling Center or on the SAT/ACT websites. It is the student’s responsibility to determine testing dates and registration deadlines, register for the test and pay any registration or related fees for the test. High school seniors should take these exam(s) before January if they intend to apply for financial assistance. For information on SAT registration and deadlines, visit the College Board website at www.collegeboard.org. For information on accommodations, visit the College Board website at www.collegeboard.org/students-with-disabilities. For information on ACT registration and deadlines, visit the ACT website at www.act.org.

Students are encouraged to select their college early in their senior year. Once accepted by a college, students are generally notified of summer orientation programs. Students are encouraged to attend these orientations.

Students attending Texas public colleges and universities can use the Apply Texas Application, which is available on-line at www.applytexas.org. Current information on specific college/university entrance applications and entrance requirements should be requested from the college or university. Students who intend to live on campus should obtain an application for housing early in the fall of their senior year.

All students should fill out the FAFSA (Free Application for Federal Student Aid) during their senior year. This form is available on-line at https://fafsa.ed.gov. This form must be on file in the financial aid office of the college or university you plan to attend to determine if you are eligible for state, federal or institution financial aid in the form of grants, scholarships and/or loans. Scholarship information is posted on the MHS website in the “Counselor’s Corner”. Parents are encouraged to contact their employers regarding scholarships they may offer to children of their employees.

---

**SPECIAL PROGRAMS**

**English For Speakers Of Other Languages**

Students who are Limited in English Proficiency (LEP) may be eligible and need English for Speakers of Other Languages as the English language arts program. The primary goal of this program is to enable the student who is limited in speaking English to become sufficiently competent in comprehending, speaking, reading and writing for the successful mastery of requirements in Chapters 74 and 75 of the TAC and district objectives in all English programs.

The Language Proficiency Assessment Committee (LPAC) makes all LEP placement decisions for individual students. The LPAC can be composed of a certified ESL teacher and a parent of a language minority student. A counselor and/or a campus administrator may also be included.

**Gifted & Talented And Advanced Academic Services**

The MHS advanced and Advanced Placement courses offer special opportunities for motivated students to pursue academic work that challenges their interests and abilities. These courses offer an environment designed to encourage higher level academic achievement. To be eligible for these classes the student must have mastered the most recent state assessments taken and meet all prerequisites. Successful students are task-oriented, proficient readers, able to prioritize their time and have parental support.

Students who are unable to maintain satisfactory performance within the structure of the Advanced Academic Services program may be placed on furlough by the Campus Advanced Academic Services Committee. The purpose of such a furlough is to provide the student an opportunity to attain performance goals established by the committee. A furlough may also be granted at the request of the student and/or the parent.
A student may be furloughed for a period of time deemed to be appropriate by the Campus Advanced Academic Services Committee. At the end of the furlough the student’s progress shall be reassessed and the student may re-enter the program, be removed from the program, or be placed on another furlough.

Special Education

Students with disabilities may be eligible for and need special education services. MISD offers a wide range of instructional options for students with disabilities through services designed to meet unique education needs. These instructional options range from placement in the general education classroom with support services to placement in specialized classes. Students with disabilities may also be eligible for and need certain related services that may be necessary for the student to benefit from special education instruction.

An ARD Committee that includes the student, parents, administrators, counselors, teachers and special education personnel makes all special education programming decisions for individual students.

NCAA FRESHMAN-ELIGIBILITY STANDARDS

Core Courses:
- NCAA Division I requires 16 core courses. See the chart below for the breakdown of this 16 core-course requirement.
- NCAA Division II currently requires 14 core courses. Division II will require 16 core courses for students enrolling on or after August 1, 2013. See the breakdown of core-course requirements below.

Test Scores:
- Division I uses a sliding scale to match test scores and core grade-point averages. The sliding scale for those requirements is shown on page two of this sheet.
- Division II requires a minimum SAT score of 820 or an ACT sum score of 68.
- The SAT score used for NCAA purposes includes only the critical reading and math sections. The writing section of the SAT is not used.
- The ACT score used for NCAA purposes is a sum of the following four sections: English, mathematics, reading and science.
- When you register for the SAT or ACT, use the NCAA Eligibility Center code of 9999 to ensure all SAT and ACT scores are reported directly to the NCAA Eligibility Center from the testing agency. Test scores that appear on transcripts will not be used.

Core Grade-Point Average:
- Be sure to look at your high school’s List of NCAA Courses on the NCAA Eligibility Center’s website (www.eligibilitycenter.org). Use the list as a guide.
- Only courses that appear on your school’s List of NCAA Courses will be used in the calculation of the core grade point average. Use the list as a guide.
- Division I core grade-point-average requirements are listed on the sliding scale on Page No. 2 of this sheet.
- The Division II core grade-point-average requirement is a minimum of 2.000.
- Remember, the NCAA grade-point average is calculated using NCAA core courses only.

0511 English I
Grade Level: 9-12  Credit: 1  Term: Year
Prerequisite - None
Course Description: Grammar, composition, vocabulary, reading and literature are explored and studied. Listening and speaking skills will be used in analyzing and interpreting information. Available technology, including databases and the internet, will be utilized in all courses in the sequence for research papers. English I and II offer a comprehensive study of grammar and practice in basic reading and writing skills; literature instruction will be by theme. English III offers a study of American literature, while English IV offers the study of British literature. English I-IV is taken in sequence.
Credit Type: English State Credit

0512 Advanced English I
Grade Level: 9-10  Credit: 1  Term: Year
Prerequisite - See Advanced Criteria
Course Description: Advanced English I and II are designed to prepare students for the English AP Exam given at the junior/senior level. These courses include extensive independent reading in all genres of world literature, development of higher level critical thinking skills, and the use of the writing process to compose various forms of discourse for a variety of audiences and purposes. Students must be prepared to devote considerable hours to independent readings and outside projects.
This course receives advanced weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Purchase of novels may be required.
Credit Type: English State Credit

0521 English II
Grade Level: 10-12  Credit: 1  Term: Year
Prerequisite - English I
Course Description: See course description for English I.
Credit Type: English State Credit

0522 Advanced English II
Grade Level: 9-10  Credit: 1  Term: Year
Prerequisite - See Advanced Criteria
Course Description: See course description for Advanced English I.
This course receives advanced weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Purchase of novels may be required.
Credit Type: English State Credit

0531 English III
Grade Level: 11-12  Credit: 1  Term: Year
Prerequisite - English II
Course Description: See course description for English I.
Credit Type: English State Credit

0532 AP Language and Composition
Grade Level: 11  Credit: 1  Term: Year
Prerequisite - English II/See AP Criteria/Admissions Committee Approval
Course Description: AP Language & Composition is designed to provide students with an opportunity to complete the equivalent of a college level rhetoric and composition course. Students will read mainly non-fiction from a variety of periods, disciplines, and rhetorical contexts. The course develops writing techniques, research skills, and analysis of literature necessary for college success. Students must be prepared to devote considerable time to writing.
This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students are responsible for any associated fees for the required AP Exam. Colleges may award credit based on the AP Exam score. Expected cost to student for this course: $93.
Credit Type: English State Credit

0533 Dual Credit English III (Eng 1301/1302 for Juniors)
Grade Level: 11  Credit: 1  Term: Year
Prerequisite - Passing Entrance Tests Scores As Determined By Lone Star College/MHS Approval Is Required/See Dual Credit Criteria/Eng II
Course Description: First semester, students receive credit for ENGL 1301 at LSCS. Intensively studies and practices the writing process, from invention and researching to drafting, revising, & editing. Focuses on writing argumentative essays ethically & effectively with rhetorical choices of audience, purpose, organization, and style, as well as rhetorical inquiry and primary and secondary research. Second semester, students receive credit for ENGL 1302 at LSCS. A continuation of 1301. Emphasizes critical reading of literature and developing arguments based on author’s rhetorical choices and literary elements like theme, plot, and characterization.
This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students must pass both ENGL 1301 & 1302 to be awarded English III or English IV state credit.
Credit Type: English State Credit

0534 College Readiness English (Dual Credit Integrated Reading and Writing II)
Grade Level: 12  Credit: 0.5  Term: Semester
Prerequisite - English III
Course Description: This is a combined lecture/lab, performance-based course designed to develop students’ critical reading and academic writing skills for college English courses. The course integrates preparation in basic academic reading skills with basic skills in writing a variety of academic essays. The course fulfills TSI requirements for reading and writing. This course carries institutional credit but will not transfer and may not be used to meet degree requirements - ENGL 0309. This course prepares students for Dual Credit ENGL 1301.
This course is not weighted in the GPA.
Credit Type: Elective Local Credit
0541 English IV
Grade Level: 12 Credit: 1 Term: Year
Prerequisite - English III
Course Description: See course description for English I.
Credit Type: English State Credit

0542 AP Literature and Composition
Grade Level: 12 Credit: 1 Term: Year
Prerequisite - English III/See AP Criteria/Admissions Committee Approval
Course Description: AP Literature & Composition is designed to provide college level studies for students with an above average ability in English III who are planning to enter a four-year university upon high school graduation, and help prepare for the AP Literature and Composition Exam. Students will read and analyze British literary works in class and will read widely outside class. The instruction provides the students with sophisticated techniques for success in writing on a college level. This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students are responsible for any associated fees for the required AP Exam. Colleges may award credit based on the AP Exam score. Expected cost to student for this course: $93.
Credit Type: English State Credit

0543 Dual Credit English IV (Eng 1301/1302 for Seniors)
Grade Level: 12 Credit: 1 Term: Year
Prerequisite - Passing Entrance Tests Scores As Determined By Lone Star College/MHS Approval Is Required/See Dual Credit Criteria/English III
Course Description: See course description for Dual Credit English III (Eng 1301/1302 for Juniors).
This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.
Credit Type: English State Credit

0544 Dual Credit English IV (Eng 2332/2311)
Grade Level: 12 Credit: 1 Term: Year
Prerequisite - Dual Credit English III (Eng 1301/1302 for Juniors), Passing Entrance Tests Scores As Determined By Lone Star College/MHS Approval Is Required/See Dual Credit Criteria/English III
Course Description: First semester, students receive credit for ENGL 2332 at LSCS. This course is a survey of world literature from the ancient world through the 16th century. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from a diverse group of authors and traditions. Second semester, students receive credit for ENGL 2311 at LSCS. This class develops the skills needed in the writing of technical papers, reports, proposals, progress reports and descriptions. The course also briefly covers oral reporting
This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.
Credit Type: English State Credit

0545 Film as Literature
Grade Level: 12 Credit: 1 Term: Year
Prerequisite - English I, English II, English III
Course Description: This course emphasizes film as literature with a focus on film history, techniques, and genres. Using film as text, students explore the relationships in visual media among concept, theme, structure, and style. Focusing on film as an intellectual and visual puzzle to be discovered like a book or short story, students are encouraged to develop analytical skills and refine their critical abilities through the viewing of modern and classic films. Students can expect required readings, writing, discussions, and multimedia projects. This course can also serve as an English IV credit.
Credit Type: English State Credit

0546 Gothic Literature
Grade Level: 12 Credit: 1 Term: Year
Prerequisite - English I, English II, English III
Course Description: Ghost stories, dark fairy tales, and the macabre -- for centuries, Gothic tales have influenced fiction writers and fascinated readers. In this class the student will study and explore the origins, major themes, and common elements found in gothic literature including a close look at the purposes, complexities, and imagery of the literature and how it has evolved over the last four centuries. As the student completes the course, he/she gains an understanding of and an appreciation for the complex nature of Gothic literature.
Credit Type: English State Credit

0550 Research and Technical Writing
Grade Level: 12 Credit: 1 Term: Year
Prerequisite - English III
Course Description: This composition course develops skills that are necessary for writing persuasive and informative texts such as essays, reports, proposals, and memoranda as they are used in a variety of professions. Students learn how to research topics and to present the results of their research through a variety of media and how to analyze and discuss published and unpublished articles. The goal of this writing intensive course is to better prepare students for the writing they will encounter at college and/or the workplace.
This course can only be taken as a 4th English credit.
Credit Type: English State Credit

0551 English I For Speakers of Other Languages
Grade Level: 9-12 Credit: 1 Term: Year
Prerequisite - LPAC Decision
Course Description: This course is designed for students who have a primary language other than English. This course may take the place of regular English I.
Credit Type: English State Credit

0552 English II For Speakers of Other Languages
Grade Level: 9-12 Credit: 1 Term: Year
Prerequisite - LPAC Decision
Course Description: See course description for English I For Speakers of Other Languages.
Credit Type: English State Credit
0553  Practical Writing Skills  
Grade Level: 12  Credit: 1  Term: Year  
Prerequisite - None  
Course Description: Practical writing is designed for students who are interested in developing basic writing skills for practical situations. Course curriculum includes writing for practical situations and using effective written language for the following: writing business letters, inquiries and requests; preparing letters of application, application forms and taking notes. Emphasis is on use of correct spelling; use of appropriate vocabulary; use of appropriate punctuation; use of grammatically correct spelling, effective use of paragraphs, practice in legible handwriting and practice in EOC test writing. This course is part of the Arts & Humanities endorsement in Journalism.  
This course can only be taken as a 4th English credit.  
Credit Type: English State Credit

0554  Creative Writing  
Grade Level: 12  Credit: 1  Term: Year  
Prerequisite - None  
Course Description: This course will provide a writing workshop for those students interested in the creative aspect of writing. The student will analyze various literary works in different genres. Original works will be produced by the student in the form of short stories, plays, poems, and various non-fiction pieces. Opportunities will be offered to students who wish to have their work published. This course is part of the Arts & Humanities endorsement in Journalism.  
This course can only be taken as a 4th English credit.  
Credit Type: English State Credit

0555  Bible Literature and History  
Grade Level: 11-12  Credit: 1  Term: Year  
Prerequisite - English I and English II  
Course Description: Old and new testament are studied from a historical perspective, following federal and state guidelines in maintaining religious neutrality and accommodating diverse religious views, traditions, and perspectives. Students will analyze literary forms and contents of the Bible so they have a better understanding of its influences on literature, art, culture, law, government, customs, morals, and values. Students selecting this elective should demonstrate strong motivation and high ability in reading, writing analysis, researching, speaking and listening.  
Credit Type: State Elective Credit

0556  Philosophy  
Grade Level: 11-12  Credit: 1  Term: Year  
Prerequisite - English I and English II  
Course Description: This course is designed to help students deconstruct, analyze, and discuss (through oral and written communication) selected texts and readings that are philosophical in their nature. We will start with a discussion of the Grecian period and move from the Enlightenment, to the Classical, to the Modern, and concluding at the Post-Modern era, reading literature that covers a wide variety of subjects and philosophies. We will also investigate non-Western sources of ideology, reading from Eastern, African, and Latin American philosophers, to incorporate a rich variety of perspective. At the end of this course, students will be equipped to go into the University and be prepared for the reading and writing expectations, excelling in assignments that will be presented to them.  
Credit Type: State Elective Credit

0561  Professional Communication  
Grade Level: 9-12  Credit: 0.5  Term: Semester  
Prerequisite - None  
Course Description: Professional Communications emphasizes the application of communication skills in business, professional, and social settings. This course includes oral presentations. It concentrates on the communication process, interpersonal communication, and group communication. This course is required for graduation.  
Credit Type: State Elective Credit

0562  Student Leadership  
Grade Level: 10-12  Credit: 1  Term: Year  
Prerequisite - Admissions Committee Approval  
Course Description: This course is designed for class officers and student council committee chairman. In order to enroll in this course, students must have served a minimum of one year in student council and/or be an elected class officer in grades 10-12, be in good academic standing, and have no major discipline referrals. This course is a hands-on, lab oriented approach to leadership that provides opportunities to study, practice, and develop group and individual leadership and organizational skills. Students will learn the structure of leadership, responsible citizenship, goal setting, group process, evaluation, communication, and organization and managerial skills.  
A maximum of one state credit is awarded for this course.  
Credit Type: State Elective Credit

0563  Public Speaking I  
Grade Level: 9-12  
0564  Public Speaking II  
Grade Level: 10-12  
0565  Public Speaking III  
Grade Level: 11-12  
Credit: 1  Term: Year  
Prerequisite - Admissions Committee Approval  
Course Description: This course provides students an opportunity to prepare and present public messages to various audiences. Students will learn techniques of effective speaking and speech writing skills including rhetoric, organization, style, memory, and delivery. Students will explore various types of speeches including original oratory, extemporaneous speaking, and impromptu speaking. This is a competition course; students are required to compete with the MHS Speech and Debate team each 6-weeks and attend summer practice. This course may take the place of Professional Communications credit for graduation purposes. This course is part of the Arts & Humanities endorsement in Debate.  
Credit Type: State Elective Credit

0571  Debate I  
Grade Level: 9-12  
Prerequisite - Admissions Committee Approval  
Course Description: This is a competition course. Students are required to attend a 1-week boot-camp at MHS in August, as well as attend after school practices. Failure to attend the camp will result in removal from the course. Students are required to attend a minimum of eight tournaments on weekends, including a minimum of 2 tournaments in each of the first 4 grading periods. The course is research and speaking
### Course Description: This course involves an accelerated exposure to journalistic practices with an emphasis on writing feature stories and doing layouts for the yearbook. Students will learn and use desktop publishing skills to publish the yearbook and should like to write. Selling advertising and creating ads are required. This also requires outside class time. This course is part of the Arts & Humanities endorsement in Journalism.

#### Credit Type: State Elective Credit

#### Prerequisite - Yearbook /Admissions Committee Approval

#### Course Description: This course requires students to assume leadership roles in planning, designing, producing, and selling advertisements for the school yearbook. The course requires work after school. Students will also continue to develop desktop publishing skills. This course is part of the Arts & Humanities endorsement in Journalism.

#### Credit Type: State Elective Credit

### Course Description: This course is a comprehensive study of journalism designed to cover all aspects of the subject in preparation for work on the school newspaper. It includes: study of mass media in society, journalism history, understanding of First Amendment and exposure to journalistic ethics. Students will learn principles of interviewing, writing (news, features, sports, editorials and columns), headline writing, editing, layout, advertising and circulation. Class members should like to write publishable stories for the school newspaper. Selling advertising and creating ads are required. This also requires outside class time. This course is part of the Arts & Humanities endorsement in Journalism.

0611 Photojournalism I Grade Level: 10-12
0612 Photojournalism II Grade Level: 11-12
0613 Photojournalism III Grade Level: 12

Credit: 1 Term: Year
Prerequisite - Admissions Committee Approval
Course Description: This course involves students learning to plan, interpret, and critique visual images. Students will study the laws and ethical considerations that impact photography. They will learn to create, clarify, and produce effective visual images. Students are required to have a digital camera for the class. This course is part of the Arts & Humanities endorsement in Journalism.
Credit Type: State Elective Credit

0621 Reading I Grade Level: 9-12
0622 Reading II Grade Level: 9-12
0623 Reading III Grade Level: 9-12
0624 Reading IV Grade Level: 9-12

Credit: 1 Term: Year
Prerequisite - None
Course Description: This class offers instruction in word recognition, comprehension strategies, and vocabulary to ensure that students have an opportunity to read and write with competence, confidence, and understanding.
Credit Type: State Elective Credit

0631 ACT English/Math and College Readiness
Grade Level: 11-12 Credit: 0.5 Term: Semester
Prerequisite - None
Course Description: Students will learn all about the concepts & strategies that will prepare them for the ACT test to maximize scores for college readiness, college acceptance, and scholarship monies. This class will teach content and strategies for each of the five sections. The teacher will review the most important grammar rules to ace the English section. Fifty core math concepts will be covered, as well as math timing strategies. Students will learn reading comprehension strategies, as well as the five "wrong answer" tricks the ACT test uses. Science studies will focus on chart/graph reading strategies as well as timing strategies. Students are responsible for a materials fee for this course.
Expected cost to student for this course: $60.
Credit Type: State Elective Credit

MATHEMATICS

1011 Algebra I
Grade Level: 9-12 Credit: 1 Term: Year
Prerequisite - None
Course Description: Students will study linear, quadratic, and exponential functions and their related transformations, equations, and associated solutions. Students will connect functions and their associated solutions in both mathematical and real-world situations. Students will use technology to collect and explore data and analyze statistical relationships. In addition, students will study polynomials of degree one and two, radical expressions, sequences, and laws of exponents. Students will generate and solve linear systems with two equations and two variables and will create new functions through transformations.
Credit Type: Math State Credit

1012 Advanced Algebra I
Grade Level: 9 Credit: 1 Term: Year
Prerequisite - Suggested grade of 92 or higher in 8th grade math / See Advanced Criteria
Course Description: A course designed for students showing an advanced aptitude and superior math skills. In addition to the strands listed for Algebra I, this advanced course is designed to prepare students for entry into AP mathematics courses. The course goes beyond the on-level Algebra I content with a wider range and greater depth of subject matter. The content assessments require students to synthesize their learning and apply it on a much higher level.
This course receives advanced weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.
Credit Type: Math State Credit

1021 Geometry
Grade Level: 9-12 Credit: 1 Term: Year
Prerequisite - Algebra I
Course Description: Students will explore concepts covering coordinate and transformational geometry; logical argument and constructions; proof and congruence, similarity, proof, and trigonometry; two- and three-dimensional figures; circles; and probability.
Credit Type: Math State Credit

1022 Advanced Geometry
Grade Level: 9-10 Credit: 1 Term: Year
Prerequisite - Algebra I / Suggested grade of 85 or higher in 8th grade Algebra I or Advanced Algebra I OR 95 or higher in on-level Algebra I / See Advanced Criteria
Course Description: A course designed for students showing an advanced aptitude and superior math skills. In addition to the strands listed for Geometry, this advanced course is designed to prepare students for entry into AP mathematics courses. The course goes beyond the on-level Geometry content with a wider range and greater depth of subject matter. The content assessments require students to synthesize their learning and apply it on a much higher level.
This course receives advanced weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.
Credit Type: Math State Credit

1031 Mathematical Models With Applications (MMA)
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Algebra I, Geometry
Course Description: This course provides a path for students to succeed in Algebra II and prepares them for various post-secondary choices. Students learn to apply mathematics through experiences in personal finance, science, engineering, fine arts, and social science. Students use algebraic, graphical, and geometric reasoning to recognize patterns and
structure, to model information, to solve problems, and to
communicate solutions. Students will select from methods such as
algebraic techniques, geometric reasoning, patterns, and mental math
to solve problems.

Credit Type: Math State Credit

1032 Algebraic Reasoning
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Algebra I and Geometry

Course Description: Students continue with development of
mathematical reasoning related to algebraic understanding and
processes, and deepen a foundation for studies in subsequent
mathematics courses. Students will broaden their knowledge of
functions and relationships, including linear, quadratic, square root,
rational, cubic, cube root, exponential, absolute value, and logarithmic
functions. Students will study these functions through analysis and
application that includes explorations of patterns and structure, number
and algebraic methods, and modeling from data using tools that build to
workforce and college readiness such as probes, measurement tools,
and software tools, including spreadsheets.

Credit Type: Math State Credit

1041 Algebra II
Grade Level: 10-12 Credit: 1 Term: Year
Prerequisite - Algebra I and Geometry (or concurrently enrolled)

Course Description: Students broaden their knowledge of quadratic
functions, exponential functions and systems of equations. They study
logarithmic, square root, cubic, cube root, absolute value, rational
functions and their related equations. Students connect functions to
their inverses and to their associated equations and solutions in both
mathematical and real world situations. In addition, students extend
their knowledge of data analysis and numeric and algebraic methods.

Credit Type: Math State Credit

1042 Advanced Algebra II
Grade Level: 10-11 Credit: 1 Term: Year
Prerequisite - Algebra I, Geometry or Advanced Geometry/Suggested
grade of 85 or higher in 8th grade Algebra I or Advanced Algebra I, or,
95 or higher in on-level Algebra I/Teacher recommendation required/See Advanced Criteria

Course Description: A course designed for students showing an
advanced aptitude and superior math skills. In addition to the strands
listed for Algebra II, this advanced course is designed to prepare
students for entry into AP mathematics courses. The course goes
beyond the on-level Algebra II content with a wider range and greater
depth of subject matter. The content assessments require students to
synthesize their learning and apply it on a much higher level. This
course is recommended for students with a grade of 85 or higher in
Advanced Geometry, or, 95 or higher in on-level Geometry.

This course receives advanced weighting in the GPA. Student/Parent
Contract must be submitted along with course registration form for
Advanced and AP courses.

Credit Type: Math State Credit

1051 Advanced Quantitative Reasoning (AQR)
Grade Level: 12 Credit: 1 Term: Year
Prerequisite - Algebra I, Geometry, Algebra II

Course Description: Students will develop and apply skills necessary for
college, careers, and life. Course content consists primarily of
applications of high school mathematics concepts to prepare students
to become well-educated and highly informed 21st century citizens.
Students will develop and apply reasoning, planning, and
communication to make decisions and solve problems in applied
situations involving numerical reasoning, probability, statistical analysis,
finance, mathematical selection, and modeling with algebra, geometry,
trigonometry, and discrete mathematics.

This course is not weighted in the GPA.

Credit Type: Math State Credit

1061 Pre-Calculus
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Algebra I, Geometry, Algebra II / Suggested grade of 80 or
higher in Algebra II

Course Description: The study of Pre-Calculus deepens students’
mathematical understanding and fluency with algebra and trigonometry
and extends their ability to make connections and apply concepts and
procedures at higher levels. Students investigate and explore
mathematical ideas, develop multiple strategies for analyzing complex
situations, and use technology to build understanding, make
connections between representations, and provide support in solving
problems. The course approaches topics from a function point of view,
where appropriate, and is designed to strengthen and enhance
conceptual understanding and mathematical reasoning used when
modeling and solving mathematical and real-world problems.

This course is not weighted in the GPA.

Credit Type: Math State Credit

1062 Advanced Pre-Calculus
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Algebra II / Suggested grade of 85 or higher in Advanced
Algebra II OR 95 or higher in Algebra II / Teacher recommendation
required / See Advanced Criteria

Course Description: This course offers the preparation for AP Calculus.
This course is designed for students showing an advanced aptitude and
superior math skills. In addition to the strands listed for Pre-Calculus,
this advanced course is designed to prepare students for entry into AP
mathematics courses. The course goes beyond the on-level Pre-Calculus
content with a wider range and greater depth of subject matter.
Emphasis is placed on critical thinking skills that require considerable
mathematical insight. The content assessments require students to
synthesize their learning and apply it on a much higher level. This course
is intended for highly motivated, self-disciplined students. A summer
assignment will be posted on MHS website and must be completed prior
to the first day of school. Students will be assessed over this information
during the first or second weeks of school.

This course receives advanced weighting in the GPA. Student/Parent
Contract must be submitted along with course registration form for
Advanced and AP courses. Students may not self-elect out of this
course during the school year as no equivalent level course is
available.

correlation, and chi-square test - MATH 1342. Students are required to purchase an access code for each course, which includes the online homework assignments and a virtual textbook. A graphing calculator is used as an integral part of this course.

This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.

Credit Type: Math State Credit

1104 Dual Credit Calculus for Business and Social Science
Grade Level: 11-12 Credit: 0.5 Term: Spring Sem Only
Prerequisite - Dual Credit College Algebra
Course Description: The basic study of limits and continuity, differentiation, optimization and graphing, and integration of elementary functions, with emphasis on applications in business, economics, and social sciences - MATH 1325.

This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.

Credit Type: Math State Credit

1511 Integrated Physics and Chemistry
Grade Level: 10 Credit: 1 Term: Year
Prerequisite - None
Course Description: Introduces the student to the basic concepts of physics and chemistry. Topics include safety, scientific methods, measurement, mechanics, optics, acoustics, electricity magnetism and the basic concepts of general chemistry.

Credit Type: Science State Credit

1521 Biology
Grade Level: 9-12 Credit: 1 Term: Year
Prerequisite - None
Course Description: Students will expand their knowledge of scientific processes as they apply to the nature of living systems. Extensive discussions and many lab activities relating to biology concepts, terms and theories provide a foundation for understanding the living world.

Credit Type: Science State Credit

1522 Advanced Biology
Grade Level: 9-12 Credit: 1 Term: Year
Prerequisite - See Advanced Criteria
Course Description: Advanced Biology is a course designed to prepare students for Advanced Placement Biology. The class is lab-oriented and designed to provide an introduction to biological topics stressed in the advanced placement course. Students will learn process skills involved in scientific problem solving which will allow them to become starters and independent workers in the AP course. Areas stressed will be molecular biology, environmental science, and phylogeny. All laboratory exercises are designed to reinforce concepts and process skills.

This course receives advanced weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.

Credit Type: Science State Credit

1523 AP Biology
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Biology/Chemistry/Admissions Committee Approval/See AP Criteria
Course Description: This course is the equivalent of college freshman biology and the rigor is comparable to a class for biology majors. Students will be expected to perform at the college level. Areas addressed are prescribed in the College Board publication, Advanced Placement course description: Biology. Laboratory exercises are designed to encourage independent study as well as reinforce concepts and process skills. Due to extensive labs, this course content is spread across multiple class periods.

This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students may not self-select out of this course, during the school year as no equivalent level course is available. Students are responsible for any associated fees for the required AP Exam. Colleges may award credit based on the AP Exam score. This course will fill 2 class periods in the student's schedule.

Expected cost to student for this course: $93.

Credit Type: Science State Credit

1531 Chemistry
Grade Level: 10-12 Credit: 1 Term: Year
Prerequisite - Biology with a grade of 80 or higher
Course Description: This course is designed to give a basic knowledge of atomic structure as it relates to the chemical behavior of elements. Laboratory activities are utilized in helping students understand chemistry.

Credit Type: Science State Credit

1532 Advanced Chemistry
Grade Level: 10-12 Credit: 1 Term: Year
Prerequisite - Biology and Algebra II (Algebra II may be taken concurrently)/See Advanced Criteria
Course Description: Students will study the structured properties of matter with a strong emphasis on the mathematics of chemistry. This course receives advanced weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.

Credit Type: Science State Credit

1533 AP Chemistry
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Chemistry/Algebra II/See AP Criteria/Admissions Committee Approval
Course Description: Students will study the structured properties of matter with a strong emphasis on the mathematics of chemistry. Due to
extensive lab work, this course content is spread across multiple class periods.

This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students may not self-elect out of this course during the school year as no equivalent level course is available. Students are responsible for any associated fees for the required AP Exam. Colleges may award credit based on the AP Exam score. This course will fill 2 class periods in the student's schedule. Expected cost to student for this course: $93.

Credit Type: Science State Credit

1541 Physics
Grade Level: 10-12 Credit: 1 Term: Year
Prerequisite - Algebra II or Concurrent Enrollment/Biology
Course Description: Physics explores the interrelationship between matter and energy. This course requires a strong mathematics background because mathematics is the language used to describe abstract ideas. Topics will include motion, force, vector analysis, thermodynamics, work, and waves. Process skill acquisition and problem solving will be stressed.

Credit Type: Science State Credit

1542 AP Physics I
Grade Level: 10-12 Credit: 1 Term: Year
Prerequisite - Advanced Algebra II or Concurrent Enrollment/Admissions Committee Approval/See Advanced Criteria
Course Description: Physics explores the interrelationship between matter and energy. Topics to be discussed would be electricity, light, sound, magnetism and mechanics. Laboratory experiences are analytically based and relate directly to current classroom topics.

This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students are responsible for any associated fees for the required AP Exam. Colleges may award credit based on the AP Exam score. Expected cost to student for this course: $93.

Credit Type: Science State Credit

1543 AP Physics II
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Physics or AP Physics 1/Pre-Calculus/Admissions Committee Approval/See AP Criteria
Course Description: A college level physics course covering mechanics, heat, electricity, and magnetism, waves, light and sound. This course is an excellent opportunity for students considering a career in science or engineering fields. Problem solving will be rigorous. A variety of hands-on laboratory investigations and inquiry activities will be included.

This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students may not self-elect out of this course during the school year as no equivalent level course is available. Students are responsible for any associated fees for the required AP Exam. Colleges may award credit based on the AP Exam score. Expected cost to student for this course: $93.

Credit Type: Science State Credit

1551 Anatomy and Physiology
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Biology/Chemistry or Concurrent Enrollment
Course Description: This course explores the interrelationship between the human body. Students will explore physiological systems and associated pathologies. Higher order thinking is stressed through assessment and synthesis of the anatomical knowledge combined with exposure to clinical analysis. Principles of physiology will be applied to human health and well-being. This course is part of the Public Service endorsement in Health Science - Medical.

Credit Type: Science State Credit or State Elective Credit

1561 Environmental Systems
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Biology/IPC or Chemistry
Course Description: In Environmental Systems, students conduct field and laboratory investigations, use scientific methods during investigations, and make informed decisions using critical thinking and scientific problem solving. Students study a variety of topics that include ecosystems, biomes, and sources and flow of energy through an environmental system. Students will examine the impact of human activity on the environment, use and conservation of resources, and pollution. Careers in environmental science will also be explored.

Credit Type: Science State Credit

1562 AP Environmental Science
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Biology/IPC or Chemistry or Concurrent Enrollment In Chemistry/See AP Criteria/APES Teacher Approval
Course Description: AP Environmental Science is a laboratory and field-based course designed to provide students with scientific principles, concepts, and methodologies required to understand the interrelationships of the natural world, to identify and analyze environmental problems both natural and human-made, to evaluate the relative risks associated with these problems, and to examine alternative solutions for resolving them. Laboratory and field investigations are diverse and interwoven into the curriculum. Student is responsible for cost of class lab fees.

This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students may not self-elect out of this course during the school year as no equivalent level course is available. Students are responsible for any associated fees for the required AP Exam. Colleges may award credit based on the AP Exam score. Expected cost to student for this course: $138.

Credit Type: Science State Credit

1571 Aquatic Science
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Biology/IPC or Chemistry
Course Description: In Aquatic Science, students study the interactions of biotic and abiotic components in aquatic environments, including impacts on aquatic systems. Investigations and field work in this course may emphasize freshwater or marine aspects of aquatic science depending primarily upon the natural resources available for study near the school. Students who successfully complete Aquatic Science will acquire knowledge about a variety of aquatic systems, conduct investigations and observations of aquatic environments, work
collaboratively with peers, and develop critical-thinking and problem-solving skills. This course is part of the Business & Industry endorsement in Agricultural Animal Systems.

Credit Type: Science State Credit

1581 Astronomy
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Biology/IPC or Chemistry

Course Description: Students enrolled in this course will conduct laboratory and field investigations, use scientific methods, and make informed decisions using critical thinking and scientific problem solving. Students study the following topics: astronomy in civilization, patterns and objects in the sky, our place in space, the moon, reasons for the seasons, planets, the sun, stars, galaxies, cosmology, and space exploration. Students who successfully complete Astronomy will acquire knowledge within a conceptual framework, conduct observations of the sky using a state of the art observatory, work collaboratively, and develop critical-thinking skills.

Credit Type: Science State Credit

5614 Forensic Science
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Biology and one other Science credit in IPC, Chemistry, Physics, or Anatomy & Physiology

Course Description: In this course students are introduced to the application of science to connect a violation of law to a specific criminal, criminal act, or behavior and victim. Students learn terminology and procedures related to criminal investigation, crime scene processing, crime laboratory, and courtroom presentation using evidence such as fingerprints, bodily fluids, hairs, fibers, paint, glass, projectiles or weapons utilizing appropriate scientific analysis and procedures. Students will also learn the history and the legal aspects as they relate to each discipline of forensic science. This course is part of the Public Service endorsement in Health Science - Medical and Law Enforcement Services.

Comprehensive reading and writing skills are recommended. Offers opportunity to earn either CPR or another industry certification.

Credit Type: Science State Credit or State Elective Credit

2012 Advanced World Geography Studies
Grade Level: 9 Credit: 1 Term: Year
Prerequisite - Admissions Committee Approval/See Advanced Criteria
Course Description: Meticulous analysis based on geographic skills will extend to contemporary areas of concern such as: regional conflicts, global pollution and energy resources. Students will participate in independent research, outside reading, oral and multimedia presentations, simulations, and intense essay writing.

This course receives advanced weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.

Credit Type: Social Studies State Credit

2013 AP Human Geography
Grade Level: 9-12 Credit: 1 Term: Year
Prerequisite - On-level Social Studies course GPA > 91 or Advanced Social Studies course > 71

Course Description: The course introduces students to the systematic study of patterns and processes that have shaped human understanding, use, and alteration of Earth’s surface. Students employ spatial concepts and landscape analysis to examine socioeconomic organization and its environmental consequences. This course fulfills the graduation requirements for World Geography.

This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students are responsible for any associated fees for the required AP Exam. Colleges may award credit based on the AP Exam score. Expected cost to student for this course: $163.

Credit Type: Social Studies State Credit

2021 World History
Grade Level: 10 Credit: 1 Term: Year
Prerequisite - None

Course Description: World History Studies is the only course offering students an overview of the entire history of humankind. The major emphasis is on the study of significant people, events and issues from earliest times to the present.

Credit Type: Social Studies State Credit

2022 Advanced World History
Grade Level: 10 Credit: 1 Term: Year
Prerequisite - Admissions Committee Approval/See AP Criteria

Course Description: The scope of this course focuses on "essential" concepts and skills that can be applied to various eras, events, and people. Traditional historical points of reference in world history are identified as students analyze important events and issues in western civilization and civilizations in other parts of the world.

This course receives advanced weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.

Credit Type: Social Studies State Credit

2023 AP World History
Grade Level: 10 Credit: 1 Term: Year
Prerequisite - Admissions Committee Approval/See AP Criteria

Course Description: Students will explore interaction between the environment, culture(s), state-building, economic systems, and social
structures, from approximately 8000 B.C.E. to the present, with intense essay writing and outside readings.

This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students are responsible for any associated fees for the required AP Exam. Colleges may award credit based on the AP Exam score. Expected cost to student for this course: $93.

| Course Description: | Students will be introduced to fundamental concepts used by political scientists to study the processes and
outcomes of politics in a variety of settings by comparing economic/political challenges, trends and upheavals, and institutional characteristics across six nation states: China, Great Britain, Iran, Mexico, Nigeria, and Russia. Intense essay writing and outside reading is a substantial part of the course. This course does NOT fulfill the state requirement for a government credit.

This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students may not self-elect out of this course during the school year as no equivalent level course is available. Students are responsible for any associated fees for the required AP Exam. Colleges may award credit based on the AP Exam score. Expected cost to student for this course: $93.

Credit Type: Social Studies State Credit

2044 Dual Credit Government
Grade Level: 12 Credit: 0.5 Term: Semester
Prerequisite - Passing Entrance Tests Scores As Determined By Lone Star College/MHS Approval Is Required/See Dual Credit Criteria
Course Description: Origin and development of the U.S. Constitution, structure and powers of the national government including the legislative, executive, and judicial branches, federalism, political participation, the national election process, public policy, civil liberties and civil rights - GOVT 2305.
This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.
Credit Type: Social Studies State Credit

2045 Dual Credit Texas Government
Grade Level: 12 Credit: 0.5 Term: Semester
Prerequisite - Passing Entrance Tests Scores As Determined By Lone Star College/MHS Approval Is Required/See Dual Credit Criteria
Course Description: Origin and development of the Texas constitution, structure and powers of state and local government, federalism and inter-governmental relations, political participation, the election process, public policy, and the political culture of Texas.
This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students may not self-elect out of this course during the school year as no equivalent level course is available.
Credit Type: Social Studies State Credit

2051 Economics
Grade Level: 12 Credit: 0.5 Term: Semester
Prerequisite - None
Course Description: Study of our economic system that is characterized by private or corporate ownership of capital goods, by investments that are determined by private decisions rather than by state control, and by prices, production, and the distribution of goods that are determined in a free market.
Credit Type: Social Studies State Credit

2052 AP Microeconomics
Grade Level: 12 Credit: 0.5 Term: Semester
Prerequisite - Admissions Committee Approval/See AP Criteria
Course Description: This AP course provides a thorough understanding of the principles of economics that apply to the functions of individual decision makers, both consumers and producers, within the larger economic system. It places primary emphasis on the nature and functions of product markets, and includes the study of factor markets and of the role of government in promoting greater efficiency and equity in the economy. This course does NOT fulfill the state requirement for economics credit.
This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students may not self-elect out of this course during the school year as no equivalent level course is available. Students are responsible for any associated fees for the required AP Exam. Colleges may award credit based on the AP Exam score. Expected cost to student for this course: $93.
Credit Type: Elective State Credit

2053 AP Macroeconomics
Grade Level: 12 Credit: 0.5 Term: Semester
Prerequisite - Admissions Committee Approval/See AP Criteria
Course Description: This AP course is designed to provide a thorough understanding of the principles of economics that apply to an economic system as a whole. Such a course places particular emphasis on the study of national income and price determination, while also developing a familiarity with economic performance measures, economic growth, and international economics. This course fulfills the state requirement for economics credit.
This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students may not self-elect out of this course during the school year as no equivalent level course is available. Students are responsible for any associated fees for the required AP Exam. Colleges may award credit based on the AP Exam score. Expected cost to student for this course: $93.
Credit Type: Social Studies State Credit

2054 Dual Credit Macroeconomics
Grade Level: 12 Credit: 0.5 Term: Semester
Prerequisite - Passing Entrance Tests Scores As Determined By Lone Star College/MHS Approval Is Required/See Dual Credit Criteria
Course Description: A study of macroeconomic principles. Analysis of the market economy; national income accounting; income determination; stabilization policies; monetary and fiscal policy; money and banking; demand and supply-side economics; monetarist vs. Keynesian view; inflation theories such as distinction between demand-pull and cost-push theories, Phillips curve analysis; labor market and determination of unemployment rate – ECON 2301.
This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students may not self-elect out of this course during the school year as no equivalent level course is available.
Credit Type: Social Studies State Credit

2055 Dual Credit Microeconomics
Grade Level: 12 Credit: 0.5 Term: Semester
Prerequisite - Passing Entrance Tests Scores As Determined By Lone Star College/MHS Approval Is Required/See Dual Credit Criteria
Course Description: A study of microeconomic principles. Analysis of theories of consumer behavior, production, cost; equilibrium analysis in product markets under different market structures, such as perfect competition, monopoly, monopolistic competition, oligopoly; cartels and conglomerate mergers; antitrust policy, economics of regulation; analysis of different types of factor markets and factor price determination – ECON 2302.

This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students may not self-elect out of this course during the school year as no equivalent level course is available.

Credit Type: State Elective Credit

2061 Psychology
Grade Level: 10-12 Credit: 0.5 Term: Semester
Prerequisite - None
Course Description: Emphasis is placed on the systematic and scientific study of the behavior and mental processes of human beings and other animals. Focus is placed on psychological facts, principles, and phenomena associated with each of the major subfields within psychology.

Credit Type: State Elective Credit

2062 AP Psychology
Grade Level: 10-12 Credit: 0.5 Term: Semester
Prerequisite - Psychology/Admissions Committee Approval/See AP Criteria
Course Description: An enriched and challenging focus on the systematic and scientific study of the behavior and mental processes of human beings and other animals, including an emphasis on psychological facts, principles, and phenomena associated with each of the major subfields within psychology.

This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students may not self-elect out of this course during the school year as no equivalent level course is available. Students are responsible for any associated fees for the required AP Exam. Colleges may award credit based on the AP Exam score. Expected cost to student for this course: $93.

Credit Type: State Elective Credit

2063 Dual Credit Psychology
Grade Level: 11-12 Credit: 0.5 Term: Semester
Prerequisite - Passing Entrance Tests Scores As Determined By Lone Star College/MHS Approval Is Required/See Dual Credit Criteria
Course Description: This course is a survey of the essential subject areas, major theories and approaches to the scientific study of behavior and mental processes – PSYC 2301.

This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students may not self-elect out of this course during the school year as no equivalent level course is available.

Credit Type: State Elective Credit

2071 Sociology
Grade Level: 10-12 Credit: 0.5 Term: Semester
Prerequisite - None
Course Description: Emphasizes patterned human behavior in major social institutions and processes. Focus is placed on an understanding of the social environment and of the dynamic interaction between the individual and society.

Credit Type: State Elective Credit

2072 Dual Credit Sociology
Grade Level: 11-12 Credit: 0.5 Term: Semester
Prerequisite - Passing Entrance Tests Scores As Determined By Lone Star College/MHS Approval Is Required/See Dual Credit Criteria
Course Description: This course is an introduction to the basic elements of society. In looking at human behavior, this course includes an introduction to dynamics of society, culture, social groups, social institutions, socialization, social processes and social structure - SOCI 1301.

This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students may not self-elect out of this course during the school year as no equivalent level course is available.

Credit Type: State Elective Credit

2081 ACADEC I Grade Level: 9-12
2082 ACADEC II Grade Level: 9-12
2083 ACADEC III Grade Level: 9-12
2084 ACADEC IV Grade Level: 9-12
Credit: 1 Term: Year
Prerequisite - Strong Research, Writing and Speaking Skills/Parental and Admissions Committee Approval/See Advanced Criteria
Course Description: This independent study/social studies course is designed to prepare students for academic test competitions including Academic Decathlon as well as other events. Students will conduct research topics generated by annual themes in Economics, Fine Arts, Language/Literature, Math, Science, Social Studies, Speech, Interview, and Essay Writing. Although all students will study the areas required for the Academic Decathlon competition, they will be given the opportunity to specialize in U.I.L. interests.

This course receives advanced weighting in the GPA. Students may not self-elect out of this course during the school year as no equivalent level course is available.

Credit Type: State Elective Credit
Athletic programs are available in baseball, basketball, cross country, football, golf, soccer, softball, tennis, track, volleyball and swim/diving. These programs are competitive sports regulated by the University Interscholastic League. Team selection may be team tryouts and coaching staff approval. Academic record and demeanor will be considered. The class meeting consists of conditioning activities and skill development. In addition, participation in after-school practices and games are required. These programs may substitute for the 1.0 state credit required for physical education. A maximum of four (4) P.E. credits may be counted toward state graduation requirements.

In addition to the courses listed in this section, Marching Band, Dance Team and JROTC I may substitute for state PE credits. Such substitutions shall be based upon the physical activity involved in marching band during the fall semester, athletics, dance team, and JROTC. Students planning to pursue athletics and/or athletic scholarships at the college level must be aware of core curriculum requirements. These students need to contact their coach for printed information regarding the core curriculum as defined by National Collegiate Athletic Association (NCAA).

Students in these classes will continue to participate in individual and team sports. Sportsmanship and teamwork will be stressed. Maintaining good personal fitness throughout one’s lifetime will be the focus of the courses. Each course is a half-credit.

Physical Education State Credit

additional Physical Education courses continue on the next page........
Prerequisite: 3501 Athletic Training I
Prerequisite: 3404 Cheerleading IV
Prerequisite: 3403 Cheerleading III
Prerequisite: 3402 Cheerleading II
Prerequisite: 3401 Cheerleading I
Prerequisite: 3300 Aerobic Movement

Students may not self-elect out of this course during the school year as no equivalent level course is available.

Course Description: Students are introduced to the fundamentals and techniques of all disciplines of dance. Creative expression and interpretation through movement are explored. Students will be required to furnish apparel (leotard & black Capri pants).

Expected cost to student for this course: $55.
Credit Type: Physical Education State Credit

3401 Cheerleading I

Grade Level: 9-12 Credit: 1 Term: Year
Prerequisite - Tryout/Current Varsity or Junior Varsity Cheerleader
Course Description: Cheerleading provides opportunities for the cheerleaders to prepare for a plethora of fall activities. The MHS cheerleaders’ responsibilities during the fall season include planning for pep rallies, choreographing routines, preparing for competition, maintaining good physical condition, and safely improving such skills as tumbling, stunting, and jumping.

Students may not self-elect out of this course during the school year as no equivalent level course is available.
Credit Type: Physical Education State Credit

3402 Cheerleading II

Grade Level: 9-12 Credit: 1 Term: Year
Prerequisite - Tryout/Current Varsity or Junior Varsity Cheerleader
Course Description: See course description for Cheerleading I.

Students may not self-elect out of this course during the school year as no equivalent level course is available.
Credit Type: Physical Education State Credit

3403 Cheerleading III

Grade Level: 9-12 Credit: 1 Term: Year
Prerequisite - Tryout/Current Varsity or Junior Varsity Cheerleader
Course Description: See course description for Cheerleading I.

Students may not self-elect out of this course during the school year as no equivalent level course is available.
Credit Type: Physical Education State Credit

3404 Cheerleading IV

Grade Level: 9-12 Credit: 1 Term: Year
Prerequisite - Tryout/Current Varsity or Junior Varsity Cheerleader
Course Description: See course description for Cheerleading I.

Students may not self-elect out of this course during the school year as no equivalent level course is available.
Credit Type: Physical Education State Credit

3501 Athletic Training I

Grade Level: 9-12 Credit: 1 Term: Year
Prerequisite - Completed application and Athletic Trainer’s Approval
Course Description: This course/program is designed to acquaint the student with the many different aspects of sports medicine and athletic training. The focus of the program is for the student to become proficient in first aid, recognition, treatment, and rehabilitation of sports related injuries. The student will develop self-esteem, time management skills, responsibility, work ethics, and enhanced personal growth. Students will perform designated duties in the training room and at practices and games. The time required for after school duties can vary from 10-25 hours per week. Students must go through an interview process followed by the Athletic Trainer and parental approval.
Credit Type: Physical Education State Credit

3502 Athletic Training II

Grade Level: 10-12 Credit: 1 Term: Year
Prerequisite - Completed application and Athletic Trainer’s Approval
Course Description: See course description for Athletic Training I.
Credit Type: Physical Education State Credit

Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Completed application and Athletic Trainer’s Approval
Course Description: See course description for Athletic Training I.
Credit Type: Physical Education State Credit

3504 Athletic Training IV

Grade Level: 12 Credit: 1 Term: Year
Prerequisite - Completed application and Athletic Trainer’s Approval
Course Description: See course description for Athletic Training I.
Credit Type: Physical Education State Credit

Languages Other Than English

4011 Spanish I

Grade Level: 9-12 Credit: 1 Term: Year
Prerequisite - Prior English grade of 80 or better
Course Description: This introductory course teaches basic language patterns and vocabulary. Repetition and comprehensible input are important components of this course. Focus is on all four language skills—listening, speaking, reading and writing. Culture is an integral part of the course and is introduced through the use of media, games, adapted readings and class discussions. In addition to written tests and quizzes, students will also be assessed by means of aural activities. Completion of homework assignments is a must. Active participation is required.
Credit Type: Foreign Language State Credit

4021 Spanish II

Grade Level: 9-12 Credit: 1 Term: Year
Prerequisite - Spanish I
Course Description: Students continue to develop and improve listening, speaking, reading and writing skills. Emphasis is placed on comprehension of Spanish, as well as, reading and writing practice. Aspects of contemporary Spanish culture are introduced through the use of media, games, and adapted readings and in small or large group discussions. In addition to written/oral tests and quizzes, students are assessed using a variety of formats: oral dialogues, presentations,
written compositions and other means. Completion of homework assignments, continuous effort to use the target language, active participation is a must to succeed in this course.

Credit Type: Foreign Language State Credit

4022 Advanced Spanish II
Grade Level: 9-12 Credit: 1 Term: Year
Prerequisite - Spanish I with grade of 90 or better, Advanced Spanish I with grade of 80 or better/Admissions Committee Approval/See Advanced Criteria
Course Description: In addition to the Spanish II curriculum, this course provides more in-depth studies of grammar.
This course receives advanced weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.
Credit Type: Foreign Language State Credit

4031 Spanish III
Grade Level: 10-12 Credit: 1 Term: Year
Prerequisite - Spanish I and II
Course Description: This course is designed to enrich and reinforce all levels of communication.
builds upon knowledge gained in Spanish 1 & 2. The course is a continuation and recycling of knowledge acquired in Spanish 1 and Spanish 2, as well as an introduction to new vocabulary, structures and expressions. Students will be expected to expand their vocabulary range to include more sophisticated terms, use advanced language expressions, verb tenses and grammatical concepts such as the pluperfect and the subjunctive mood. Students will view Spanish language films and read selected Spanish literature.
Credit Type: Foreign Language State Credit

4032 Advanced Spanish III
Grade Level: 10-12 Credit: 1 Term: Year
Prerequisite - Spanish II with grade of 90 or better/Admissions Committee Approval/See Advanced Criteria
Course Description: This course is a continuation of Advanced Spanish II. This course will continue studies to prepare the students for the College Board Advanced Placement Exam. Besides practicing advanced grammar constructions, students will be introduced to readings in Hispanic literature as a source for new vocabulary, subjects for conversation and topics for essay writing.
This course receives advanced weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.
Credit Type: Foreign Language State Credit

4033 Dual Credit Beginning Spanish I / Dual Credit Beginning Spanish II
Grade Level: 10-12 Credit: 1 Term: Year
Prerequisite - Spanish II, Passing Entrance Tests Scores As Determined By Lone Star College/MHS Approval Is Required/See Dual Credit Criteria
Course Description: This course includes beginner’s pronunciation, oral practice, conversation, development of listening comprehension, basic principles of grammar, simple exercises in composition, easy reading which includes cultural material - SPAN 1411. This course is a continuation of SPAN 1411 with increased emphasis on comprehension, speaking, reading and writing. Intensive drills to increase vocabulary and knowledge of structure - SPAN 1412.
This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.
Credit Type: Foreign Language State Credit

4041 Spanish IV
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Spanish III with grade of 90 or better/Admissions Committee Approval/See Advanced Criteria
Course Description: Spanish IV provides students the opportunity to further develop, improve and refine their listening, speaking, reading and writing skills. Emphasis continues to be placed on aural skills with additional emphasis on reading and writing in the target language. Supplementary materials are utilized to enhance language use. Aspects of contemporary Hispanic culture are emphasized through cultural readings, media, games, and class discussions. Assessment of student performance is identified through written tests and quizzes. In addition, students will also be assessed by means of oral tests, spoken dialogues, presentations, short compositions and other displays.
Credit Type: Foreign Language State Credit

4042 AP Spanish Language
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Spanish III with grade of 90 or better/Admissions Committee Approval/See Advanced Criteria
Course Description: This course will continue the skills necessary to prepare the students for the College Board Advanced Placement Exam. Besides practicing advanced grammar constructions, students will be introduced to readings in Hispanic literature as a source for new vocabulary, subjects for conversation and topics for essay writing.
This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students may not self-elect out of this course during the school year as no equivalent level course is available. Students are responsible for any associated fees for the required AP Exam. Colleges may award credit based on the AP Exam score. Expected cost to student for this course: $93.
Credit Type: Foreign Language State Credit

4043 Dual Credit Intermediate Spanish I / Dual Credit Intermediate Spanish II
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Advanced Spanish III, Passing Entrance Tests Scores As Determined By Lone Star College/MHS Approval Is Required/See Dual Credit Criteria
Course Description: This course stresses both oral and written exercises to increase vocabulary, expansion of grammatical principles and short themes written on a variety of topics. Selected readings are included to improve comprehension in Spanish - SPAN 2311. This course is a continuation of SPAN 2311, with emphasis on works by Spanish-speaking authors. Continued reinforcement of grammatical principles and development of writing skills are stressed - SPAN 2312.
This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.
Credit Type: Foreign Language State Credit
### 4111 French I

**Grade Level:** 9-12  
**Credit:** 1  
**Term:** Year  
**Prerequisite:** Prior English grade of 80 or better

**Course Description:** Understanding, speaking, reading, and writing beginning French using TPRS methodology. Includes culture of French-speaking peoples.

**Credit Type:** Foreign Language State Credit

---

### 4121 French II

**Grade Level:** 10-12  
**Credit:** 1  
**Term:** Year  
**Prerequisite:** French I

**Course Description:** Emphasis is placed upon the extension of speaking, reading and writing of the skills learned in French I. Includes culture of French speaking peoples.

**Credit Type:** Foreign Language State Credit

---

### 4122 Advanced French II

**Grade Level:** 10-12  
**Credit:** 1  
**Term:** Year  
**Prerequisite:** French I with minimum final grade of 90.

**Course Description:** Extension of speaking, reading and writing of the skills learned in French II for students who excel in the French language. Includes culture of French speaking peoples.

**Credit Type:** Foreign Language State Credit

---

### 4131 Advanced French III

**Grade Level:** 11-12  
**Credit:** 1  
**Term:** Year  
**Prerequisite:** Advanced French II/Admissions Committee Approval/See Advanced Criteria

**Course Description:** French III students formalize the study of grammar, with the addition of “argot,” or common slang. The study of francophone literature begins in earnest. Students may research the Internet for French language / culture sites and/or prepare web pages of their own.

**This course receives advanced weighting in the GPA.** Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.  
Students may not self-elect out of this course during the school year as no equivalent level course is available.  
**Credit Type:** Foreign Language State Credit

---

### 4141 Advanced French IV

**Grade Level:** 11-12  
**Credit:** 1  
**Term:** Year  
**Prerequisite:** Advanced French III

**Course Description:** Besides practicing advanced grammar constructions, students will be introduced to readings in French literature as a source for new vocabulary, subjects for conversation and topics for essay writing.

**This course receives advanced weighting in the GPA.** Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.  
Students may not self-elect out of this course during the school year as no equivalent level course is available.  
**Credit Type:** Foreign Language State Credit

---

### 4142 AP French Language

**Grade Level:** 12  
**Credit:** 1  
**Term:** Year  
**Prerequisite:** Advanced French III/Admissions Committee Approval/See Advanced Criteria

**Course Description:** This class will continue the skills necessary to prepare the students for the College Board Advanced Placement Exam. Besides practicing advanced grammar constructions, students will be introduced to readings in French literature as a source for new vocabulary, subjects for conversation and topics for essay writing.

**This course receives AP/DC weighting in the GPA.** Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses.  
Students may not self-elect out of this course during the school year as no equivalent level course is available.  
Students are responsible for any associated fees for the required AP Exam.  
Colleges may award credit based on the AP Exam score.  
**Expected cost to student for this course:** $93.

**Prerequisite:** Teacher Approval

**Course Description:** Three bands are offered for students interested in instrumental music: Marching Band, Symphonic Band, and Concert Band. During football season (Fall) the various concert bands meet three times a week after school to make up the marching band, which performs at all varsity football games, U.I.L. Marching Contest and non-U.I.L. Marching Contests, and local parades. Band members are also required to attend Summer Band beginning in August. During concert season (spring), section rehearsals are scheduled after school one day a week to prepare for concerts and contests. Students must furnish their own shoes, personal instrument (flute, clarinet, alto saxophone, trumpet, trombone), and mouthpiece or drumsticks.  
*This course is part of the Arts & Humanities endorsement in Band.*

**Physical Education waiver can be used for fall semester only.**

**Course Description:**

*Fine Arts State Credit ONLY*

This course is part of the Arts & Humanities endorsement in Band.  

**Credit Type:** Fine Arts State Credit

The high school jazz band is made up of instruments which include woodwinds (saxophone is the primary instrument), trombones, trumpets, and rhythm (piano, electric/string bass, guitar, drum set, and vibraphone). Study and performance of jazz music, improvisation, sight-reading, and jazz style and performance techniques make up the class offered within the school day. Music theory, jazz history and applied music will be integrated into a performance-based curriculum. After school hours are required.  

This course is part of the Arts & Humanities endorsement in Band.  

**Credit Type:** Fine Arts State Credit

This Non-Varsity Choir is open to 9th-12th grade females who enjoy performing and want to learn how to sing a variety of music.  

**Credit Type:** Fine Arts State Credit

This course is part of the Arts & Humanities endorsement in Choir.  

**Credit Type:** Fine Arts State Credit

**Purchase of art supplies is required. Expected cost to student for this course:** $50.
Credit Type: Fine Arts State Credit

4533 Art III Intermediate Painting
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - H.S. Art I, Art II Painting & Art Teacher Approval
Course Description: Students will further develop their ability to create visual ideas and develop individual style/techniques. This course is part of the Arts & Humanities endorsement in Art.
Purchase of art supplies is required. Expected cost to student for this course: $40.
Credit Type: Fine Arts State Credit

4534 Art IV Upper Level Painting
Grade Level: 12 Credit: 1 Term: Year
Prerequisite - H.S. Art I, Art II Painting, Art III Painting & Art Teacher Approval
Course Description: The student must be self-motivated and serious about painting. This course is designed to allow for exploration and development of individual style while creating a portfolio of artwork. This course is part of the Arts & Humanities endorsement in Art.
Purchase of art supplies is required. Expected cost to student for this course: $40.
Credit Type: Fine Arts State Credit

4542 Art II Sculpture/Mixed Media
Grade Level: 10-12 Credit: 1 Term: Year
Prerequisite - Art I and Art Teacher Approval
Course Description: Students will create three dimensional projects from paper, glue, wood, hose, cardboard, candles, fabric, yarn, linoleum and ink. Emphasis will be on safety, tools and procedures. Visual journals will be introduced. This course is part of the Arts & Humanities endorsement in Art.
Purchase of art supplies is required. Expected cost to student for this course: $40.
Credit Type: Fine Arts State Credit

4552 Art II Intro to Ceramics
Grade Level: 10-12 Credit: 1 Term: Year
Prerequisite - High School Art 1 & Art Teacher Approval
Course Description: Introduction to ceramic processes: utilization of basic clay materials, building of clay forms. Firing, glazing, and aesthetic principles of ceramic sculpture. This course is part of the Arts & Humanities endorsement in Art.
Purchase of art supplies and a clay fee is required. Expected cost to student for this course: $50.
Credit Type: Fine Arts State Credit

4553 Art III Intermediate Ceramics
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - High School Art I, Art II Ceramics, & Art Teacher Approval
Course Description: Further study of ceramic techniques focusing on 3D portfolio development. This course is part of the Arts & Humanities endorsement in Art.
Purchase of art supplies and a clay fee is required. Expected cost to student for this course: $50.
Credit Type: Fine Arts State Credit

4554 Art IV Upper Level Ceramics
Grade Level: 12 Credit: 1 Term: Year
Prerequisite - High School Art I, Art II Ceramics, Art III Ceramics and Art Teacher Approval
Course Description: Further study of ceramic techniques focusing on 3D portfolio development. This course is part of the Arts & Humanities endorsement in Art.
Purchase of art supplies and a clay fee is required. Expected cost to student for this course: $50.
Credit Type: Fine Arts State Credit

4562 AP Studio Art-Design Portfolio
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Art I and Art Teacher approval
Course Description: This advanced placement course is for the highly motivated and serious artist who demonstrates an interest in pursuing art after high school. Students will work on a portfolio to submit to the College Board. 1. Quality 2. Concentration 3. Breadth. Taking an additional art course in conjunction with AP Art Studio is recommended. This course is part of the Arts & Humanities endorsement in Art.
This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students may not self-elect out of this course during the school year as no equivalent level course is available. Students are responsible for any associated fees for the required AP Exam. Colleges may award credit based on the AP Exam score. Purchase of art supplies is required. Expected cost to student for this course: $133.
Credit Type: Fine Arts State Credit

Dance Team emphasizes dance techniques, routines and performance at football games, pep rallies, some basketball games, community events, contests, and spring show. Students will demonstrate sensitivity toward others when working in Admissions Committee Approval and Participation In Drill Team
Course Description: Dance Team emphasizes dance techniques, routines and performance at football games, pep rallies, some basketball games, community events, contests, and spring show. Students will demonstrate sensitivity toward others when working in

Credit Type: Fine Arts State Credit ONLY

4611 Dance I (Non-drill team) Grade Level: 9-12
4612 Dance II (Non-drill team) Grade Level: 10-12
4613 Dance III (Non-drill team) Grade Level: 11-12
4614 Dance IV (Non-drill team) Grade Level: 12
Credit: 1 Term: Year
Prerequisite - None
Course Description: Students are introduced to the fundamentals and techniques of all disciplines of dance. Creative expression and interpretation through movement are explored. Students will be required to furnish apparel (leotard & black Capri pants). This course is part of the Arts & Humanities endorsement in Dance.
Expected cost to student for this course: $55.
Credit Type: Fine Arts State Credit ONLY

4621 Dance Team I Grade Level: 9-12
4622 Dance Team II Grade Level: 10-12
4623 Dance Team III Grade Level: 11-12
4624 Dance Team IV Grade Level: 12
Credit: 1 Term: Year
Prerequisite - Admissions Committee Approval and Participation In Drill Team
Course Description: Dance Team emphasizes dance techniques, routines and performance at football games, pep rallies, some basketball games, community events, contests, and spring show. Students will demonstrate sensitivity toward others when working in...
groups, and express ideas and emotions through movement. Students will practice an effective warm-up and cool-down, using elements of proper conditioning, and perform memorized movement sequences with rhythmical accuracy in several dance styles. Students will demonstrate appropriate audience behavior and etiquette in the classroom and at performances. After school hours are required. Try-outs take place in the spring semester. (Physical Education waiver can be used for Fall semester only.) This course is part of the Arts & Humanities endorsement in Dance.

Credit Type: Fine Arts State Credit

4631 Dance Production I  Grade Level: 10-12
4632 Dance Production II  Grade Level: 11-12
4633 Dance Production III  Grade Level: 12

Credit: 1  Term: Year
Prerequisite - Drill Team Officers & Leaders

Course Description: This class will be much more advanced than the Dance Team class. It will focus on the officers and leaders of drill team. They will choreograph routines for productions, shows, and competitions throughout the year, design sets and costumes, and create lesson plans for the team. They will also demonstrate responsibility, artistic discipline, and creative problem solving. These students will gain more experience in the art of dance and dance production skills, as well as leadership qualities. This course is part of the Arts & Humanities endorsement in Dance.

Credit Type: Fine Arts State Credit

4910 Driver Education
Grade Level: 9-12  Credit: 0.5  Term: Semester
Prerequisite - Must Be 15 Years of Age/Provide Original or Certified Copy of Birth Certificate/Provide Original Social Security Card

Course Description: Driver Education provides opportunities for students to acquire knowledge, establish attitudes, develop skills, and practice habits, which will allow them to operate safely and efficiently as Highway Transportation System users. Students are responsible for the registration fee for this course, which must be paid in full the first week of instruction. To enroll in Driver Education, students must not have lost credit due to attendance the previous semester. Students with upper class standing have priority in this course.

Expected cost to student for this course: $355.
Credit Type: State Elective Credit

4911 Teen Leadership I
Grade Level: 9  Credit: 0.5  Term: Semester
Prerequisite - None

Course Description: Teen Leadership is a one semester course that teaches key concepts essential for maximum success at the high school level and in life. Study skills will be taught along with how to develop personal goals. Students will learn how to develop relationships, positive self-concept, peer pressure resistance, a positive attitude, work ethic, trust and support. Students will learn to be proactive leaders instead of reactive.

Credit Type: State Elective Credit

4912 Teen Leadership II
Grade Level: 9-12  Credit: 0.5  Term: Semester
Prerequisite - Teen Leadership I

Course Description: Teen Leadership II will further strengthen self-concept and interpersonal skills as well as develop leadership skills for personal and professional use. The class will empower students to take a stand for what they believe in and help them withstand peer pressure. These decision-making skills and a healthy self-concept will enable our teenagers to make the right choices with the everyday pressures they experience.

Credit Type: State Elective Credit

4913 GT Independent Study
Grade Level: 11-12  Credit: 1  Term: Year
Prerequisite - Student Must Be Identified As Gifted And Talented/Admissions Committee Approval

Course Description: This course is designed to allow students to pursue self-directed study in an area of personal interest. Students will be required to submit a proposal for a course of study, complete with a syllabus and an end-product that demonstrates mastery of the proposed topic. This class is wide open for the motivated student. MOOCs, business plans, mentorships, and original research are all examples of possible areas of study. Proposal forms for self-directed study topics must be submitted when course selections are due.

This course will be graded as pass/fail.
Credit Type: Local Credit

6601 Study Skills I
Grade Level: 9-10  Credit: 0.5  Term: Semester
Prerequisite - Counselor approval

Course Description: The students will learn how to use the tools offered in the high school to help them succeed in the classroom. They will learn how to study using the following skills: time management, organization, goal setting, making schedules, stress management, critical thinking, memorization, and vocabulary building exercises. They will learn how to participate actively in the classroom using the following skills: preparing for class, taking notes in lectures, and paying attention to assigned tasks. They will learn how to prepare for tests using test taking strategies, general test preparation, anticipating test content, review tools for tests, and overcoming test anxiety.

Credit Type: Local Credit

6602 Study Skills II
Grade Level: 10-12  Credit: 1  Term: Year
Prerequisite - Counselor approval

Course Description: See course description for Study Skills I.
Credit Type: Local Credit
5110 Principles of Agriculture, Food and Natural Resources  
Grade Level: 9-11  Credit: 1  Term: Year  
Prerequisite - None  
Course Description: Enhances the agricultural comprehension of young adults. Includes agricultural career development, leadership, communications and personal finances. This course also includes the overview of soil and plants, animals, and agricultural construction. This course is part of the Business & Industry endorsement in Agricultural Animal Systems, Agricultural Mechanics, Agricultural Plant Systems and Manufacturing.  
Credit Type: State Elective Credit

5111 Wildlife, Fisheries and Ecology Management  
Grade Level: 10-12  Credit: 1  Term: Year  
Prerequisite - None  
Course Description: Examines the importance of wildlife and outdoor recreation with emphasis on using wildlife and natural resources. Students will also examine the management of game and non-game wildlife species, fish, and aqua crops and their ecological needs. Students are able to obtain their Hunter Safety Certification during this course if they pass their exam. This course is part of the Business & Industry endorsement in Agricultural Animal Systems.  
Credit Type: State Elective Credit

5121 Equine Science  
Grade Level: 10-12  Credit: 0.5  Term: Semester  
Prerequisite - Principles of Agriculture  
Course Description: Develop knowledge and skills pertaining to the selection, nutrition, reproduction, health, and management of horses. This course is recommended for those that have an interest in the Veterinary Science field. This course is part of the Business & Industry endorsement in Agricultural Animal Systems.  
Credit Type: State Elective Credit

5122 Livestock Productions  
Grade Level: 10-12  Credit: 1  Term: Year  
Prerequisite - Principles of Agriculture  
Course Description: Introduces the common veterinary skills and procedures used on livestock, anatomy of livestock, genetics and reproduction, and diseases that can affect all livestock animals. This course is recommended for those that have an interest in the Veterinary Science field. This course is part of the Business & Industry endorsement in Agricultural Animal Systems.  
Credit Type: State Elective Credit

5123 Animal Science  
Grade Level: 12  Credit: 1  Term: Year  
Prerequisite - Principles of Agriculture  
Course Description: Develop and investigate the scientific and technological dimensions of scientific animal agriculture, genetics and reproduction on, anatomy and physiology of various livestock species, nutritional requirements, and disease and parasites of livestock. This class is recommended for those students with an interest in Veterinary Science. This class will have 40% of class time instruction to conduct field experiments and laboratory investigations. This course is part of the Business & Industry endorsement in Agricultural Animal Systems.  
Credit Type: Science State Credit or State Elective Credit

5124 Small Animal Management  
Grade Level: 10-12  Credit: 0.5  Term: Semester  
Prerequisite - Principles of Agriculture  
Course Description: Develop knowledge and skills pertaining to small animals and the small animal management industry. This course may address topics related to small mammals such as dogs and cats, amphibians, reptiles, and birds. This course is part of the Business & Industry endorsement in Agricultural Animal Systems.  
Credit Type: State Elective Credit

5125 Veterinary Medical Applications  
Grade Level: 11-12  Credit: 1  Term: Year  
Prerequisite - Principles of Agriculture or Principles of Health Science, Livestock Production  
Course Description: This course is designed to prepare students for careers in the field of animal science. This course covers knowledge and skills related to animal systems, workplace industry expectations, career opportunities, and veterinary practices for both large and small animal species. This class will introduce students to basic medical terminology, exam procedures, safety protocols, customer relations and more. This will not be a class for the faint-hearted. Students taking this course should be considering a career as a veterinarian, a registered vet technician, a research scientist, or other animal health careers such as kennel owner or groomer. Course Fees are for the mandatory FFA membership and other course materials and supplies. This course is part of the Business & Industry endorsement in Agricultural Animal Systems.  
Expected cost to student for this course: $100.  
Credit Type: State Elective Credit

5131 Ag Mechanics and Metal Technologies  
Grade Level: 10-12  Credit: 1  Term: Year  
Prerequisite - Principles of Agriculture  
Course Description: Develops proficiency in many welding skills. Students will be expected to use the cutting torch and MIG Welders. Welding in several positions, which include flat, horizontal, and vertical. The course develops an understanding of tool operation, electrical wiring, plumbing, carpentry, and metal working techniques. Offers opportunity to earn NCCER Core Certification. This course is part of the Business & Industry endorsement in Agricultural Mechanics and Manufacturing.  
Credit Type: State Elective Credit
5132 Ag Facilities Design and Fabrication  
Grade Level: 11-12  Credit: 1  Term: Year  
Prerequisite: Principles of Agriculture, Ag Mechanics & Metal Technologies  
Course Description: Introduce and develop principles of electricity, Geographic Information Systems (GIS), working with concrete, water-management systems, masonry, drywall, and roofing materials. This course is part of the Business & Industry endorsement in Agricultural Mechanics and Manufacturing.  
Credit Type: State Elective Credit

5133 Dual Credit Introduction To Welding (at Lone Star College - Conroe)  
Grade Level: 11-12  Credit: 2  Term: Year  
Prerequisite: Meet LSCS qualifications  
Course Description: An introduction to fundamentals of equipment used in oxyacetylene and arc welding, including welding and cutting safety, basic oxyacetylene welding and cutting, basic arc welding processes and basic metallurgy - WLDG 1421. The Welding Technology Certificate Program (Dual Credit Welding) prepares the student for entry-level employment as a structural welder. Courses completed in this certificate program may be applied toward the welding technology associate of applied science degree. Course instruction provided at Lone Star College – Conroe Center (transportation will be available). This course is part of the Business & Industry endorsement in Agricultural Mechanics and Manufacturing.  
This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. This course will fill 3 class periods in the student's schedule.  
Credit Type: State Elective Credit

5141 Principles of Floral Design I  
Grade Level: 10-12  Credit: 1  Term: Year  
Prerequisite: None  
Course Description: This course will allow students to develop the ability to identify and demonstrate the principles and techniques related to floral design as well as develop an understanding of the management of floral enterprises. There is a per semester cost for supplies in this course. Offers opportunity for Floral Certification. This course is part of the Business & Industry endorsement in Agricultural Plant Systems and in the Public Service endorsement in Human Services Interior & Fashion Design.  
Expected cost to student for this course: $100.  
Credit Type: Fine Arts State Credit or State Elective Credit

5142 Floral Design II  
Grade Level: 11-12  Credit: 1  Term: Year  
Prerequisite: Principles & Elements of Floral Design/Admissions Committee Approval  
Course Description: This course is a continuation of Principles & Elements of Floral Design. There is a per semester cost for supplies in this course. Offers opportunity for Floral Certification. This course is part of the Business & Industry endorsement in Agricultural Plant Systems and in the Public Service endorsement in Human Services Interior & Fashion Design.  
Expected cost to student for this course: $100.

5143 Horticultural Science  
Grade Level: 10-12  Credit: 1  Term: Year  
Prerequisite: None  
Course Description: Focuses on the identification, production and care of plants. The students will study propagation, fertilizing, transplanting, and growing various plants. Students will also investigate the various career pathways within the horticulture industry. This course is part of the Business & Industry endorsement in Agricultural Plant Systems.  
This course does not receive Science credit.  
Credit Type: State Elective Credit

5144 Plant and Soil Science  
Grade Level: 12  Credit: 1  Term: Year  
Prerequisite: None  
Course Description: Students will investigate the importance of plant and soil science and its relationship affecting the production of food and fiber industry. Students will assess the plant ecosystem, erosion processes, petroleum energy, crop production, and genetically engineered plants and their importance to solving world hunger. This class will have 40% of class time instruction to conduct field experiments and laboratory investigations. This course is part of the Business & Industry endorsement in Agricultural Plant Systems.  
Credit Type: Science State Credit or State Elective Credit

5210 Principles of Arts, AV Technology and Communication  
Grade Level: 9-11  Credit: 1  Term: Year  
Prerequisite: None  
Course Description: Careers in the Arts, Audio/Video Technology, and Communications career cluster require, in addition to creative aptitude, a strong background in computer and technology applications, a strong academic foundation, and a proficiency in oral and written communication. Within this context, students will be expected to develop an understanding of the various and multifaceted career opportunities in this cluster and the knowledge, skills, and educational requirements for those opportunities. Student is responsible for cost of additional supplies. This course is part of the Business & Industry endorsement in AV Tech & Communication.  
Expected cost to student for this course: $15.  
Credit Type: State Elective Credit

5211 Audio Video Production I  
Grade Level: 10-12  Credit: 1  Term: Year  
Prerequisite: Principles of Arts, AV Technology / Completed Student Information Packet & Admissions Committee Approval  
Course Description: Students will be expected to develop an understanding of the industry with a focus on pre-production, production, and post-production audio and video activities. Student will be responsible for costs of additional supplies. This course is part of the Business & Industry endorsement in AV Tech & Communication.  
Expected cost to student for this course: $30.  
Credit Type: State Elective Credit
5212 Audio Video Production II  
Grade Level: 11-12  Credit: 1  Term: Year  
Prerequisite - Principles Of Business, Marketing & Finance, and IT Web & Digital Media.

Course Description: Students will create word-processing documents, spreadsheets, graphs, charts, databases and presentations using appropriate software. Students prepare for the business world and postsecondary education by strengthening computer, communications, analytical, and technical skills. Students leave this class with the computer skills needed to compete in a technology driven environment as well as a working knowledge about information and business management. Offers opportunity to earn Microsoft Office Systems Certification via exam. This course is part of the Business & Industry endorsement in IT Web & Digital Media.

Credit Type: MISD State Technology Credit

5310 Principles of Business, Marketing and Finance  
Grade Level: 9-11  Credit: 1  Term: Year

Prerequisite - None

Course Description: Students are introduced to knowledge and skills of economics and private enterprise systems, impact of global business, marketing of goods and services, advertising, and product pricing. Students analyze the sales process and financial management principles. This course is part of the Business & Industry endorsement in Business Management, Business Marketing, Financial Management & Accounting and Manufacturing.

Credit Type: State Elective Credit

5311 Business Information Management I (BIM I)  
Grade Level: 9-11  Credit: 1  Term: Year

Prerequisite - None

Course Description: Students will create word-processing documents, spreadsheets, graphs, charts, databases and presentations using appropriate software. Students prepare for the business world and postsecondary education by strengthening computer, communications, analytical, and technical skills. Students leave this class with the computer skills needed to compete in a technology driven environment as well as a working knowledge about information and business management. Offers opportunity to earn Microsoft Office Systems Certification via exam. This course is part of the Business & Industry endorsement in IT Web & Digital Media.

This course is required by MISD for Technology Credit.

Credit Type: MISD State Technology Credit

5312 Business Information Management II (BIM II)  
Grade Level: 10-12  Credit: 1  Term: Year  
Prerequisite - A grade of 80 or higher in Business Information Management I.

Course Description: Students will create complex word-processing documents, sophisticated spreadsheets, graphs, charts and presentations using appropriate multimedia software. Students prepare for the business world and postsecondary education by strengthening computer, communications, analytical, and technical skills. Students leave this class with an electronic digital portfolio, technical skill competencies and possibly licensure or certifications. Offers opportunity to earn Microsoft Office Systems Certification via exam. This course is part of the Business & Industry endorsement in Business Management, Business Marketing, Financial Management & Accounting and IT Web & Digital Media.

Credit Type: State Elective Credit

5313 Human Resource Management  
Grade Level: 11-12  Credit: 0.5  Term: Semester  
Prerequisite - Principles Of Business, Marketing & Finance, and one additional business management credit

Course Description: Students recognize, evaluate, and prepare for a rapidly evolving global business environment that requires flexibility and adaptability. Students analyze the primary functions of human resources management, which include recruitment, selection, training, development, and compensation. Topics will incorporate social responsibility of business and industry. Students incorporate a broad base of knowledge that includes the legal, managerial, financial, ethical, and international dimensions of business to make appropriate human resources decisions. This course is part of the Business & Industry endorsement in Business Management, Business Marketing, Financial Management & Accounting and IT Web & Digital Media.

Credit Type: State Elective Credit

5314 Banking and Financial Services  
Grade Level: 11-12  Credit: 0.5  Term: Semester  
Prerequisite - Principles Of Business, Marketing & Finance, and one additional financial management credit

Course Description: Students develop knowledge and skills in the economic, financial, technological, international, social and ethical aspects of banking to become competent consumers, employees, and entrepreneurs. Students incorporate a broad base of knowledge that includes the operations, sales, and management of banking institutions to gain a complete understanding of how banks function within society. This course is part of the Business & Industry endorsement in Business Management, Business Marketing and Financial Management & Accounting.

Credit Type: State Elective Credit

5320 Money Matters  
Grade Level: 10-12  Credit: 1  Term: Year  
Prerequisite - Principles Of Business, Marketing, Finance

Course Description: Students will investigate global economics with emphasis on the free enterprise system and its impact on consumers and business. Students apply critical-thinking skills to analyze financial options based on current and projected economic factors. Students will gain knowledge and skills necessary to set long-term financial goals based on those options. Students will determine methods of achieving long-term financial goals through investment, tax planning, asset allocation, risk management, retirement planning, and estate planning. This course is part of the Business & Industry endorsement in Business Management, Business Marketing, Financial Management & Accounting and IT Web & Digital Media.

Credit Type: State Elective Credit

5321 Accounting I  
Grade Level: 10-12  Credit: 1  Term: Year  
Prerequisite - None

Course Description: Students investigate the field of accounting, including how it is impacted by industry standards as well as economic, financial, and technological developments.
5322 Accounting II  
Grade Level: 11-12  
Credit: 1  
Term: Year  
Prerequisite: Accounting I  
Course Description: Students continue the investigation of the field of accounting, including how it is impacted by industry standards as well as economic, financial, technological, international, social, legal, and ethical factors. Students reflect on this knowledge as they engage in various managerial and cost accounting activities. Students formulate and interpret financial information for use in management decision making. This course is part of the Business & Industry endorsement in Business Management, Business Marketing and Financial Management & Accounting.  
Credit Type: State Elective Credit

5330 Entrepreneurship  
Grade Level: 10-12  
Credit: 1  
Term: Year  
Prerequisite: BIM I/Principles of Business, Marketing & Finance  
Course Description: Focuses on the options for business ownership, steps for starting a business, sources of information and technical assistance, types of business plans, qualities of an entrepreneur, the importance of entrepreneurs, and the advantages and disadvantages of owning one’s own business. This course is part of the Business & Industry endorsement in Business Management and Business Marketing.  
Credit Type: State Elective Credit

5331 Business Management  
Grade Level: 10-12  
Credit: 1  
Term: Year  
Prerequisite: BIM I/Principles of Business, Marketing & Finance  
Course Description: Students develop a foundation in the economic, financial, technological, international, social and ethical aspects of business to become competent managers, employees, and entrepreneurs. Students incorporate a broad range of knowledge that includes legal, managerial, marketing, financial, ethical and international dimensions of business to make appropriate management decisions. This course is part of the Business & Industry endorsement in Business Management, Business Marketing, Financial Management & Accounting and IT Web & Digital Media.  
Credit Type: State Elective Credit

5332 Business Law  
Grade Level: 11-12  
Credit: 1  
Term: Year  
Prerequisite: BIM I/Business Management  
Course Description: Students analyze the evolution and development of laws that govern business in our society. Students apply technical skills to address business applications of contemporary legal issues and analyze the social responsibility of business and industry. This course is part of the Business & Industry endorsement in Business Management, Business Marketing and Financial Management & Accounting.  
Credit Type: State Elective Credit

5333 Advertising  
Grade Level: 10-12  
Credit: 0.5  
Term: Semester  
Prerequisite: BIM I/Principles of Business, Marketing & Finance  
Course Description: Advertising and Sales Promotion are key elements to any business that markets a product or service. Students will discover the goals and objectives of various types of advertising and promotion identify and analyze advertisements and promotional campaigns, select media and develop advertisements. Students will learn about the different types of advertising media, measure the effectiveness of that media and determine the costs involved. Students will learn about the promotional mix and well as the importance of public relations. This course is part of the Business & Industry endorsement in Business Marketing.  
Credit Type: State Elective Credit

5335 Sports and Entertainment Marketing  
Grade Level: 10-12  
Credit: 0.5  
Term: Semester  
Prerequisite: Principles Of Business, Marketing & Finance  
Course Description: Sports and entertainment marketing is a specialized course designed to offer students an opportunity to gain knowledge and develop skills related to the growing sports and entertainment industries. Students will develop skills in the area of facility design, merchandising, advertising, public relations/publicity, event marketing, sponsorship, ticket distribution, and career opportunities as they relate to the sports and entertainment industries. This course is part of the Business & Industry endorsement in Business Marketing.  
Credit Type: State Elective Credit

5341 Practicum in Business, Marketing, Finance I  
Grade Level: 11-12  
Credit: 3  
Term: Year  
Prerequisite: Required Paperwork Must Be Completed and Returned By Due Date/Admissions Committee Approval/Career Preparation I for 5342  
Course Description: This work-based learning program will prepare students with a variety of skills for a fast-changing workplace. Students will learn employability skills, which include job-specific skills applicable to their training station, job interview techniques, communication skills, financial and budget activities, human relations, and portfolio development. Students MUST be sixteen (16) years of age. Students are normally of junior or senior standings and MUST have reliable transportation. Students MUST have/find paid employment within the first ten (10) days of school. Students MUST work an average of 15 hours per week. Offers opportunity to earn OSHA General Industry Safety Certification. This course is part of the Business & Industry endorsement in Agricultural Mechanics, Agricultural Plant Systems, AV Tech & Communication, Business Management, Business Marketing, Financial Management & Accounting, IT Web & Digital Media and Manufacturing and in the Public Service endorsement in Restaurant Food & Beverage.  
Credit Type: State Elective Credit
5342 Practicum in Business, Marketing, Finance II  
Grade Level: 12  Credit: 3  Term: Year  
Prerequisite - Required Paperwork Must Be Completed and Returned By Due Date/Admissions Committee Approval/Career Preparation I for 5342  
Course Description: See course description for Practicum in Business, Marketing, Finance I. This course is part of the Business & Industry endorsement in Agricultural Mechanics, Agricultural Plant Systems, AV Tech & Communication, Business Management, Business Marketing, Financial Management & Accounting, IT Web & Digital Media and Manufacturing and in the Public Service endorsement in Restaurant Food & Beverage.  
Credit Type: State Elective Credit

5351 Digital and Interactive Media  
Grade Level: 10-12  Credit: 1  Term: Year  
Prerequisite - BIM I  
Course Description: In this year long class, students will create digital graphics, animation, videos, manipulate music and sound and create digital portfolios. Students will analyze and assess current and emerging technologies, while designing and creating multimedia projects that address customer needs and resolve a problem. The knowledge and skills acquired and practiced will enable students to successfully perform and interact in a technology-driven society. This course is recommended for students who have successfully completed BIM I or any other advanced computer/technical credit course. This course is part of the Business & Industry endorsement in AV Tech & Communication, Business Marketing and IT Web & Digital Media and in the Public Service endorsement in Human Services Interior & Fashion Design.  
Credit Type: MISD State Technology Credit

5352 Web Technologies  
Grade Level: 10-12  Credit: 1  Term: Year  
Prerequisite - BIM I or Admissions Committee Approval  
Course Description: Through the study of web technologies and design, students learn to make informed decisions and apply the decisions to the field of information technology. The knowledge and skills acquired and practiced will enable students to successfully perform and interact in a technology-driven society. Students enhance reading, writing, computing, communication, and critical thinking and apply them to the information technology environment. The course focuses on the creation of web sites using a variety of modern web standards such as XHTML/HTML and CSS, and includes work with animation and graphics. This course is part of the Business & Industry endorsement in IT Web & Digital Media.  
Credit Type: MISD State Technology Credit

5410 Principles of Human Services  
Grade Level: 9-11  Credit: 1  Term: Year  
Prerequisite - None  
Course Description: This laboratory course will enable students to investigate careers in the human services career cluster, including counseling and mental health, early childhood development, family and community, and personal care services. Areas of study include establishing measurable goals, leadership skills, job interviewing, grooming and appearance in a professional setting, clothing selection, maintenance and construction, nutrition, wellness, and the preparation of nutritious meals. Students will be responsible for cost of additional supplies. This course is part of the Public Service endorsement in Education Training, Human Services Interior & Fashion Design and Restaurant Food & Beverage.  
Credit Type: State Elective Credit

5420 Principles of Education and Training  
Grade Level: 9-11  Credit: 1  Term: Year  
Prerequisite - None  
Course Description: This course is designed to introduce learners to the various careers available within the education and training career cluster. Students use self-knowledge and educational and career information to analyze various careers within the education and training career cluster. Students will also gain an understanding of the basic knowledge and skills essential to careers within the education and training career cluster. Students will develop a graduation plan that leads to a specific career choice in the student's interest area. This course is part of the Public Service endorsement in Education Training.  
Credit Type: State Elective Credit

5421 Human Growth and Development  
Grade Level: 10-11  Credit: 1  Term: Year  
Prerequisite - Principles of Education and Training  
Course Description: Students will examine the human development across the lifespan with emphasis upon research, theoretical perspectives, and common physical, cognitive, emotional, and social developmental milestones. The course covers material that is generally taught in a postsecondary, one-semester introductory course in developmental psychology or human development. Students will be responsible for cost of additional supplies. This introductory course in developmental psychology or human development. Students will be responsible for the cost of additional supplies. This course is part of the Public Service endorsement in Education Training.  
Credit Type: State Elective Credit

5422 Instructional Practices In Education and Training  
Grade Level: 11-12  Credit: 2  Term: Year  
Prerequisite - Principles of Education Training, Required Paperwork Must Be Completed and Returned By Due Date/Criminal Background Check/Admissions Committee Approval  
Course Description: A field-based internship that provides students with background knowledge of child and adolescent development as well as principles of effective teaching practices. Students will work under the joint direction and supervision of a teacher who has expertise in the areas of child development and educational methodology and an exemplary educator who is working in an instruction role in an elementary/middle/high school setting. Students will learn to plan and direct individualized instruction and group activities, prepare instructional materials, develop materials for educational environments, assist with record keeping, and complete other responsibilities of teachers. Student MUST provide transportation. Student is responsible for the cost of uniform. This course is part of the Public Service endorsement in Education Training.  
Expected cost to student for this course: $50.  
Credit Type: State Elective Credit
5423 Practicum In Education and Training  
Grade Level: 12 Credit: 2 Term: Year  
Prerequisite - Principles of Education and Training, Instructional Practices in Education & Training/Required Paperwork Must Be Completed and Returned By Due Date/Criminal Background Check/Admissions Committee Approval  
Course Description: This is a field-based internship that provides students background knowledge of child and adolescent development principles as well as principles of effective teaching and training practices. Students are under the joint direction and supervision of both a teacher and exemplary educators in direct instructional roles with elementary-, middle school- and high school-aged students. Student MUST provide transportation. Student is responsible for the cost of uniform. This course is part of the Public Service endorsement in Education Training.  
Expected cost to student for this course: $50.  
Credit Type: State Elective Credit

5424 Peer Coaching For Students  
Grade Level: 11-12 Credit: 1 Term: Year  
Prerequisite - A-B Average/No Discipline Concerns  
Course Description: Peer Coaching for Students (PCS) is designed to promote an inclusive educational environment for at-risk and special education inclusion students. Enrolled students participate in “reverse inclusion” in self-contained classes. PCS is a course where positive peers make a positive impact in their fellow peer’s lives. This course is part of the Public Service endorsement in Education Training.  
Credit Type: Elective Local Credit

5431 Introduction to Culinary Arts  
Grade Level: 10-11 Credit: 1 Term: Year  
Prerequisite - Principle of Human Services and/or Principles of Health Science  
Course Description: Introduction to Culinary Arts will emphasize the principles of planning, organizing, staffing, directing, and controlling the management of a variety of food service operations. The course will provide insight into the operation of a well-run restaurant, food production skills, various levels of industry management, and hospitality skills. This is an entry level course for students interested in pursuing a career in the food service industry. This course is offered as a classroom and laboratory-based course. This course is part of the Public Service endorsement in Restaurant Food & Beverage.  
Expected cost to student for this course: $35.  
Credit Type: State Elective Credit

5432 Culinary Arts I  
Grade Level: 11-12 Credit: 2 Term: Year  
Prerequisite - Principles of Human Services and Intro to Culinary Arts/Admissions Committee Approval  
Course Description: This laboratory-based course begins with the fundamentals and principles of the art of food preparation and includes management and production skills and techniques. Students will receive a national sanitation certification, ServSafe Certification. The knowledge and skills required for careers in the restaurant, food, and beverage industry are practiced as food is prepared for a campus cafeteria. Student MUST provide transportation. Student is responsible for cost of additional supplies. This course is part of the Public Service endorsement in Restaurant Food & Beverage.  
Expected cost to student for this course: $35.  
Credit Type: State Elective Credit

5433 Culinary Arts II  
Grade Level: 12 Credit: 2 Term: Year  
Prerequisite - Intro to Culinary Arts, Culinary Arts I/Admissions Committee Approval  
Course Description: This laboratory-based course is designed to be a continuation of the Culinary Arts program. Students continue to refine their knowledge and skills required for careers in the restaurant, food, and beverage industry. Students can pursue a national sanitation certification and other appropriate industry certifications. Laboratory activities involve food production in a professional setting. Student MUST provide transportation. Student is responsible for cost of additional supplies. This course is part of the Public Service endorsement in Restaurant Food & Beverage.  
Expected cost to student for this course: $50.  
Credit Type: State Elective Credit

5441 Fashion Design I  
Grade Level: 10-12 Credit: 1 Term: Year  
Prerequisite - Principles of Human Services  
Course Description: This laboratory course focuses on careers in the fashion and textile/apparel industries. Students will be exposed to the apparel production process from design concept to finished product. Course content includes apparel construction, care, and maintenance. Students will be responsible for cost of additional supplies. Student is responsible for cost of additional supplies. This course is part of the Public Service endorsement in Human Services Interior & Fashion Design.  
Expected cost to student for this course: $100.  
Credit Type: State Elective Credit

5442 Fashion Design II  
Grade Level: 11-12 Credit: 2 Term: Year  
Prerequisite - Principles of Human Services, Fashion Design I  
Course Description: Students will be expected to develop an advanced understanding of fashion, with emphasis on design and production. Students will be responsible for costs of additional supplies. This course is part of the Public Service endorsement in Human Services Interior & Fashion Design.  
Expected cost to student for this course: $100.  
Credit Type: State Elective Credit

5450 Principles of Architecture and Construction  
Grade Level: 10-11 Credit: 1 Term: Year  
Prerequisite - Principles of Human Services  
Course Description: Introduces students to the basic knowledge and skills related to the career opportunities and training in the architecture and construction fields.  
Credit Type: State Elective Credit
5451 Interior Design I  
Grade Level: 10-12  Credit: 1  Term: Year  
Prerequisite - Principles of Human Services and Principles of Architecture & Construction  
Course Description: This technical course addresses the needs of individuals by enhancing the environments in which they live and work. Students will use knowledge and skills related to interior and exterior environments, construction, and furnishings to make wise consumer decisions, increase productivity, and prepare for careers in the interior design field. Students will be responsible for cost of additional supplies. This class creates a year-long binder style portfolio as well as hands-on projects.  
Credit Type: State Elective Credit

5452 Interior Design II  
Grade Level: 11-12  Credit: 1  Term: Year  
Prerequisite - Principles of Human Services, Principles of Architecture, Interior Design I  
Course Description: This technical laboratory course that includes the knowledge of the employability characteristics, principles, process, technologies, communication, tools, equipment, and materials related to interior spatial design. Students will be responsible for cost of additional supplies. This class creates a year-long binder style portfolio as well as advanced technique projects. This course is part of the Public Service endorsement in Human Services Interior & Fashion Design.  
Credit Type: State Elective Credit

5510 Principles of Health Science  
Grade Level: 9-11  Credit: 1  Term: Year  
Prerequisite - None  
Course Description: The Principles of Health Science provides an overview of the therapeutic, diagnostic, health informatics, support services, and biotechnology research and development systems of the health care industry. Students will achieve comprehension of medical vocabulary pertaining to the body systems, medical procedures, anatomy and physiology & pathophysiology. This course is part of the Public Service endorsement in Health Science - Medical.  
Credit Type: State Elective Credit

5511 Health  
Grade Level: 9-12  Credit: 0.5  Term: Semester  
Prerequisite - None  
Course Description: Provides students with an introduction to health facts which develop proper attitudes, establish practices and habits that will contribute to personal, family, and community health.  
Credit Type: State Elective Credit (Required by MISD)

5513 Health Science Theory  
Grade Level: 10-12  Credit: 1  Term: Year  
Prerequisite - Principles of Health Science  
Course Description: This course is designed to provide for the development of advanced knowledge and skills related to a wide variety of health careers. Students will achieve comprehension of medical vocabulary pertaining to the body systems, medical procedures, anatomy and physiology & pathophysiology. Students will have hands-on experiences for continued knowledge and skill development. May substitute for required MISD Health Credit if taken for full year.  
This course is part of the Public Service endorsement in Health Science - Medical.  
Credit Type: State Elective Credit

5514 Pharmacology  
Grade Level: 11-12  Credit: 1  Term: Year  
Prerequisite - Principles of Health Science, Health Science Theory  
Course Description: Pharmacology is an introduction to the pharmacy and careers in pharmaceutics. Students will learn about pharmacy laws, medications and how they are given, medical abbreviations, and math and prescriptions. This is a great class for those interested in pharmacy, nursing or medicine. Pharmacology will prepare students to take the Pharmacy Technician course.  
This course is part of the Public Service endorsement in Health Science - Medical.  
Credit Type: State Elective Credit

5515 Pathophysiology  
Grade Level: 11-12  Credit: 1  Term: Year  
Prerequisite - Biology and Chemistry or Physics  
Course Description: In Pathophysiology, students conduct laboratory and field investigations, use scientific methods during investigations, and make informed decisions using critical thinking and scientific problem solving. Students in Pathophysiology study disease processes and how humans are affected. Emphasis is placed on prevention and treatment of disease. Students will differentiate between normal and abnormal physiology.  
This course is part of the Public Service endorsement in Health Science - Medical.  
Credit Type: State Elective Credit

5516 Practicum in Health Science-Clinical Rotation  
Grade Level: 11-12  Credit: 2  Term: Year  
Prerequisite - Principles of Health Science, Health Science Theory, and Admissions Committee Approval  
Course Description: A field-based internship that provide students with hands-on experience in the healthcare field. Students rotate through local health care facilities and hospitals to extend their understanding of structure and function of the human body. Students must pass a background check and drug test. Required paperwork must be completed and returned by due date. Students must have a driver’s license, provide own transportation, and proof of insurance. Student is responsible for the cost of a uniform, cost of a TB test, flu shot, and a 10 panel drug test. See the Health Science teacher for questions about this course. Course enrollment is limited.  
This course is part of the Public Service endorsement in Health Science - Medical.  
This course will fill 3 class periods in the student's schedule. Expected cost to student for this course: $70.  
Credit Type: State Elective Credit

5517 Practicum in Health Science-Certified Nursing Assistant  
Grade Level: 12  Credit: 2  Term: Year  
Prerequisite - Principles of Health Science, Health Science Theory, Anatomy and Physiology  
Course Description: A Certified Nursing Assistant (CNA), also known as a nurse aide, is a state approved program. Certified Nursing Assistants play a key role as members of the comprehensive healthcare team in a variety of medical settings—CNAs are employed in hospitals, long-term care facilities, nursing homes, community care facilities and as home
health aides in patient’s homes. CNA’s are trained to take care of patients’ basic needs, including bathing and feeding, and provides support to other medical professionals. Skills needed are taught through specific courses during the senior year at MHS. CNA courses include a combination of lectures and laboratory practice which will prepare you to take your state board competency exam needed for certification. After completing the required courses, students in the CNA program do some supervised clinical work through an externship at a medical care facility. This course is good background information for student interested in nursing, medicine, pharmacy or any other health care profession. Students must pass a background check and drug test, have a driver’s license, provide own transportation, and proof of insurance. A Certified Nursing Assistant will make between $11.00- $15.00 the first year of employment. Students are responsible for cost of uniform and drug test and the fee to take their state competency exam to get the title of CNA. This course is part of the Public Service endorsement in Health Science - Medical.

Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. This course cannot be taken as pass/fail. This course will fill 3 class periods in the student’s schedule.

Credit Type: Elective Local Credit

---

5518 Practicum in Health-Pharmacy Technician

Grade Level: 12
Credit: 2
Term: Year

Prerequisite - Principles of Health Science, Health Science Theory, Pharmacology, and Admissions Committee Approval

Course Description: Pharmacy Technician provides the student the opportunity to prepare to take and pass the National Pharmacy Technician exam. Pharmacy technicians work under a licensed pharmacist assisting with labeling medicines, filling medicine bottles with the correct number of pills or tablets and other activities common in pharmacies. A Pharmacy technician will make $9-12 dollars in a retail pharmacy. This course is good background information for students interested in nursing, medicine or pharmacy. Student is responsible for cost of test, fingerprinting and passing a background check. Please see the Health Science teacher with questions about this course. This course is part of the Public Service endorsement in Health Science - Medical.

This course cannot be taken as pass/fail. Expected cost to student for this course: $130.

Credit Type: State Elective Credit

---

5519 Dual Credit Emergency Medical Technician (at Lone Star College - Conroe)

Grade Level: 12
Credit: 2
Term: Year

Prerequisite - Meet LSCS qualifications

Course Description: Preparation for certification as an Emergency Medical Technician (EMT). Includes all the skills necessary to provide emergency medical care at a basic life support level with an emergency service or other specialized services. Student purchases textbook and provides uniform and proof of immunizations. Course completion requires three classes, EMSP 1305, EMSP 1160, and EMSP 1501 by the end of the school year. Course instruction provided at Lone Star College – Conroe Center. This course is part of the Public Service endorsement in Health Science - Medical.

This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. This course will fill 3 class periods in the student’s schedule.

Credit Type: State Elective Credit

---

5610 Principles of Law, Public Safety, Corrections and Security

Grade Level: 9-11
Credit: 1
Term: Year

Prerequisite - none

Course Description: Introduces students to professions in law enforcement, protective services, corrections, firefighting, and emergency management services. Students will examine the roles and responsibilities of police, courts, corrections, private security, and protective agencies of fire and emergency services. The course provides students with an overview of the skills necessary for careers in law enforcement, fire service, protective services, and corrections. This course is part of the Public Service endorsement in Law Enforcement Services.

Comprehensive reading and writing skills are recommended as complex laws are read, analyzed, and applied in this course which attributes to a substantial percentage of a student’s evaluation. Offers opportunity to earn either OSHA General Industry Safety Certification, CPR, or another industry certification.

Credit Type: State Elective Credit

---

5611 Law Enforcement I

Grade Level: 10-12
Credit: 1
Term: Year

Prerequisite - Principles of Law

Course Description: An overview of the history, organization, and functions of local, state, and federal law enforcement. Students will understand the role of constitutional law at local, state, and federal levels; the U.S. legal system; criminal law; and law enforcement terminology and the classification and elements of crime.

This course is part of the Public Service endorsement in Law Enforcement Services.

Comprehensive reading and writing skills are recommended as complex laws are read, analyzed, and applied in this course which attributes to a substantial percentage of a student’s evaluation. Offers opportunity to earn either OSHA General Industry Safety Certification, CPR, or another industry certification.

Credit Type: State Elective Credit

---

5612 Court Systems and Practices

Grade Level: 10-12
Credit: 1
Term: Year

Prerequisite - Principles of Law

Course Description: This course is an overview of the federal and state court systems; identifying the roles of judicial officers and the trial processes from pretrial to sentencing and examines the types and rules of evidence. Emphasis is placed on constitutional laws for criminal procedures such as search and seizure, stop and frisk, and interrogation.

This course is part of the Public Service endorsement in Law Enforcement Services.

Comprehensive reading and writing skills are recommended as complex laws are read, analyzed, and applied in this course which attributes to a substantial percentage of a student’s evaluation. Offers opportunity to earn either OSHA General Industry Safety Certification, CPR, or another industry certification.

Credit Type: State Elective Credit
5614 Forensic Science
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Principles of Law
Course Description: An overview of the criminal justice system. Topics include the history and philosophy of criminal justice, the definition of crime, and its nature and impact. This course is part of the Public Service endorsement in Law Enforcement Services.
Credit Type: State Elective Credit

5615 Introduction to American Law
Grade Level: 10-12 Credit: 1 Term: Year
Prerequisite - Principles of Law
Course Description: This is an introductory course in American Law that explores the origins of American Law, nature of precedent/common law, provides an overview of American court structure, introduces case law, and surveys several of the courses traditionally taught during the first year of law school to include the following subjects: criminal law, civil procedure, torts, contracts, property and family law. This course is part of the Public Service endorsement in Law Enforcement Services.
Credit Type: Science State Credit or State Elective Credit

5616 Dual Credit Criminal Justice
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - Principles of Law, and one other Criminal Justice course, Passing entrance score as per Lone Star College, Admissions Committee Approval
Course Description: An overview of the criminal justice system. Topics include the history and philosophy of criminal justice, the definition of crime, and its nature and impact. This course is part of the Public Service endorsement in Law Enforcement Services.
Credit Type: State Elective Credit

5621 MCJROTC I
Grade Level: 9-12 Credit: 1 Term: Year
Prerequisite - None
Course Description: The Marine Corps JROTC program is a four year program that is designed to prepare students for life beyond high school. The mission of the Marine Corps Junior ROTC is to: 1. Develop informed and responsible citizens, 2. Develop leadership skills, 3. Strengthen character, 4. Help form habits of self-discipline, 5. Develop respect for, and an understanding of, the need for constituted authority in a democratic society. The program focuses on developing respect for authority and personal responsibility in the first year. The second through fourth years build on the first year by offering an opportunity to become involved in a variety of teams to include Armed & Unarmed Drill, Color Guard, Air Rifle and Orienteering. The JROTC teams reinforce the tenets taught in the classroom and are the building blocks for potential assignment to leadership roles later on in the program. Completion of JROTC offers immediate benefits (promotions) for those students choosing to enlist after high school. We also help prepare students with ROTC and Service Academy Scholarship applications in their junior and senior year. All uniforms, equipment and supplies are furnished by the program except the student’s personal athletic clothing the cost of which is the responsibility of the student. Students are required to furnish a physical examination at the beginning of the year and must be able to complete the basic physical functions associated with military drill and rudimentary forms of exercise. Cadets must be able to fit into issued uniforms. Physical Education waiver can be used for both. This course is part of the Public Service endorsement in MCJROTC.
Credit Type: State Elective Credit and Physical Education Waiver

5622 MCJROTC II
Grade Level: 10-12 Credit: 1 Term: Year
Prerequisite - MCJROTC I/ Admissions Committee Approval
Course Description: JROTC II/III/IV builds on the first year experience by allowing cadets to be assigned leadership roles within the unit. Cadets learn decision making and the fundamentals of leadership while taking on ever increasing roles of responsibility within the unit. Additionally, cadets assume leadership roles within the after-school teams that further develop their sense of shared purpose and belonging. All general information contained in JROTC I above also applies to JROTC II/III/IV. This course is part of the Public Service endorsement in MCJROTC.
Credit Type: State Elective Credit and Physical Education Waiver

5623 MCJROTC III
Grade Level: 11-12 Credit: 1 Term: Year
Prerequisite - MCJROTC I/ Admissions Committee Approval
Course Description: See course description for MCJROTC II. This course is part of the Public Service endorsement in MCJROTC.
Credit Type: State Elective Credit and Physical Education Waiver

5624 MCJROTC IV
Grade Level: 12 Credit: 1 Term: Year
Prerequisite - MCJROTC I/ Admissions Committee Approval
Course Description: See course description for MCJROTC II. This course is part of the Public Service endorsement in MCJROTC.
Credit Type: State Elective Credit and Physical Education Waiver
5632  MCJROTC Drill II
Grade Level: 10-12  Credit: 1  Term: Year
Prerequisite - Admissions Committee Approval
Course Description: This course is available only to cadets taking a regular JROTC class. Cadets who attend and are selected after tryouts for the drill teams will develop and refine the leadership skills and sense of teamwork initiated in the regular JROTC classes. Teams include Armed/Unarmed Drill as well as Color Guard. Precision drill, academics and detailed grooming standards are all emphasized in preparation for competitive drill and athletic events. Cadets selected for this class must be available after school on selected days for practice. Cadets will be required to attend competitive events several times throughout the year in/around the state. This course is part of the Public Service endorsement in MCJROTC.
Credit Type: Elective Local Credit

5633  MCJROTC Drill III
Grade Level: 11-12  Credit: 1  Term: Year
Prerequisite - Admissions Committee Approval
Course Description: See course description for MCJROTC Drill II. This course is part of the Public Service endorsement in MCJROTC.
Credit Type: Elective Local Credit

5634  MCJROTC Drill IV
Grade Level: 12  Credit: 1  Term: Year
Prerequisite - Admissions Committee Approval
Course Description: See course description for MCJROTC Drill II. This course is part of the Public Service endorsement in MCJROTC.
Credit Type: Elective Local Credit

5641  MCJROTC Student Leadership - Juniors
Grade Level: 11  Credit: 1  Term: Year
Prerequisite - Admissions Committee Approval
Course Description: This course is available only to select JROTC juniors who have indicated a desire to enlist immediately after high school, or who are preparing ROTC/Service Academy scholarships. Physical conditioning is emphasized as well as the basic elements of self-discipline necessary to succeed in both a college and military environment. Students are given advanced information regarding enlistment and scholarship opportunities. This course is part of the Public Service endorsement in MCJROTC.
Credit Type: State Elective Credit

5642  MCJROTC Student Leadership - Seniors
Grade Level: 12  Credit: 1  Term: Year
Prerequisite - Admissions Committee Approval
Course Description: This course is available only to select JROTC seniors who have indicated a desire to enlist immediately after high school, or who are preparing ROTC/Service Academy scholarships. Physical conditioning is emphasized as well as the basic elements of self-discipline necessary to succeed in both a college and military environment. Students are given advanced information regarding enlistment and scholarship opportunities. This course is part of the Public Service endorsement in MCJROTC.
Credit Type: State Elective Credit

5643  MCJROTC Command Development
Grade Level: 12  Credit: 1  Term: Year
Prerequisite - Admissions Committee Approval
Course Description: The Command Development class provides cadets the opportunity to receive advanced training in command and staff tasks associated with the logistic and administrative requirements essential to the functioning of the JROTC unit. These include but are not limited to: supply ordering, inventory and organization; cadet service, promotion and award record keeping; weekly inspection recording and preparation; garrison property inventory and maintenance; armory, ordnance and optical equipment maintenance and inventory; battalion annual cruise book preparation and other functions as determined by the Senior Marine Instructor. This class requires prior approval of the SMI for entry and is only open to senior cadets. This course is part of the Public Service endorsement in MCJROTC.
Credit Type: State Elective Credit

5801  PLTW - Introduction To Engineering Design
Grade Level: 9-11  Credit: 1  Term: Year
Prerequisite - Concurrent Enrollment or Successful Completion Of Algebra I
Course Description: Introduction to Engineering Design teaches you the engineering design process through activities, problems, and projects. Topics include engineering notebooks, design processes, prototyping, technical sketching, measurement and statistics, 3D computer solid modeling and reverse engineering. This course is part of the STEM endorsement in PLTW-Engineering.
This course receives advanced weighting in the GPA.
Credit Type: State Elective Credit

5802  PLTW - Civil Engineering and Architecture
Grade Level: 10-12  Credit: 1  Term: Year
Prerequisite - PLTW - Introduction To Engineering Design, Score of 4+ on IED End of Course Exam or Admissions Committee Approval
Course Description: Students learn important aspects of building and site design and development. They apply math, science, and standard engineering practices to design both residential and commercial projects and document their work using 3D architecture design software. This course is part of the STEM endorsement in PLTW-Engineering.
This course receives advanced weighting in the GPA.
Credit Type: State Elective Credit

5803  PLTW - Aerospace Engineering
Grade Level: 10-12  Credit: 1  Term: Year
Prerequisite - PLTW - Introduction To Engineering Design, Score of 4+ on IED End of Course Exam or Admissions Committee Approval
Course Description: This course propels students’ learning in the fundamentals of atmospheric and space flight. As they explore the physics of flight, students bring the concepts to life by designing an airfoil, propulsion system, and rockets. They learn basic orbital mechanics using industry-standard software. They also explore robot systems through projects such as remotely operated vehicles. This course is part of the STEM endorsement in PLTW-Engineering.
This course receives advanced weighting in the GPA.
Credit Type: State Elective Credit
5804 Digital Electronics
Grade Level: 10-12  Credit: 1  Term: Year
Prerequisite - Introduction to Engineering (IED), Score of 4+ on IED End of Course Exam
Course Description: The study of electronic circuits that are used to process and control digital signals as opposed to analog signals that are varying. This distinction allows for greater signal speed and storage capabilities and has revolutionized the world electronics. Digital electronics is the foundation of all modern electronic devices such as cellular phones, MP3 players, laptop computers, digital cameras, high definition televisions, etc. The major focus of the DE course is to expose students to the design process of combinational and sequential logic design, teamwork, communication methods, engineering standards, and technical documentation. This course is part of the STEM endorsement in PLTW-Engineering.
This course receives advanced weighting in the GPA.
Credit Type: State Elective Credit

5805 PLTW - Principles of Engineering
Grade Level: 11-12  Credit: 1  Term: Year
Prerequisite - PLTW - Introduction To Engineering Design, one additional Engineering credit, Score of 5+ on IED End of Course Exam or Admissions Committee Approval
Course Description: This survey course exposes students to major concepts they’ll encounter in a post-secondary engineering course of study. Topics include mechanisms, energy, statics, materials, software control, and kinematics. They develop problem-solving skills and apply their knowledge of research and design to create solutions to various challenges, document their work, and communicate solutions. This course is part of the STEM endorsement in PLTW-Engineering.
This course receives advanced weighting in the GPA.
Credit Type: State Elective Credit

5806 PLTW - Engineering Design and Development (Capstone)
Grade Level: 12  Credit: 1  Term: Year
Prerequisite - PLTW - Introduction to Engineering Design, PLTW - Principles of Engineering, Admissions Committee Approval
Course Description: The knowledge and skills students acquire throughout PLTW Engineering come together in EDD as they identify an issue and then research, design, and test a solution, ultimately presenting their solution to a panel of engineers. Students apply the professional skills they have developed to document a design process to standards, completing EDD ready to take on any post-secondary program or career. This course is part of the STEM endorsement in PLTW-Engineering.
This course receives advanced weighting in the GPA. Requires completed paperwork by posted date. See Engineering teacher for questions concerning course.
Credit Type: State Elective Credit

5807 PLTW - Introduction to Robotics and Automation
Grade Level: 10-12  Credit: 1  Term: Year
Prerequisite - PLTW - Introduction to Engineering Design, Admissions Committee Approval
Course Description: The objective of this course is to introduce the student to basic programming as well as problem solving strategies. This course will involve students in the development, building and programming of a robot. Students will work hands-on in teams to design, build, program and document their progress. Topics may include motor control, gear ratios, torque, friction, sensors, timing, program loops, logic gates, decision-making, timing sequences, propulsion systems and binary number systems. Student designed robots will be programmed to compete in various courses as developed by VEX. This course is part of the STEM endorsement in PLTW-Engineering and PLTW-Computer Science.
This course receives advanced weighting in the GPA. Requires completed paperwork by posted date. See Engineering teacher for questions concerning course.
Credit Type: State Elective Credit

5808 PLTW - Scientific Research & Design Advanced Robotics
Grade Level: 11-12  Credit: 1  Term: Year
Prerequisite - PLTW - Introduction to Engineering Design, PLTW - Principles of Engineering, or Introduction to Robotics, Admissions Committee Approval
Course Description: The purpose of the Advanced Robotics course is to extend and build on the skills and knowledge of students who have completed the introductory robotics course. Advanced Robotics is built around the extensive understanding of robotic systems and the development of workplace competencies. The main focus of the class involves solving engineering design problems. Students enrolled in this course will prepare and compete in VEX Competitions at a higher level. This course is part of the STEM endorsement in PLTW-Engineering and PLTW-Computer Science.
This course receives advanced weighting in the GPA. Requires completed paperwork by posted date. See Engineering teacher for questions concerning course.
Credit Type: State Elective Credit

5811 PLTW - Computer Science Principles
Grade Level: 9-12  Credit: 1  Term: Year
Prerequisite - None
Course Description: Using Python® as a primary tool and incorporating multiple platforms and languages for computation, this course aims to develop computational thinking, generate excitement about career paths that utilize computing, and introduce professional tools that foster creativity and collaboration. CSP helps students develop programming expertise and explore the workings of the Internet. Projects and problems include app development, visualization of data, cybersecurity, and simulation. This course aligns with the AP Computer Science course. This course is part of the STEM endorsement in PLTW-Computer Science.
This course receives advanced weighting in the GPA.
Credit Type: State Elective Credit

5812 PLTW - Computer Science Applications (AP Computer Science)
Grade Level: 10-12  Credit: 1  Term: Year
Prerequisite - Computer Science Principles/See AP Criteria
Course Description: Computer Science A focuses on further developing computational-thinking skills through the medium of Android™ App development for mobile platforms. The course utilizes industry-standard tools such as Android Studio, Java™ programming language, XML, and device emulators. Students collaborate to create original solutions to problems of their own choosing by designing and implementing user
interfaces and Web-based databases. This course aligns with the AP CS A course. This course is part of the Business & Industry endorsement in IT Web & Digital Media and in the STEM endorsement in PLTW-Computer Science.

This course receives AP/DC weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. Students may not self-elect out of this course during the school year as no equivalent level course is available. Students are responsible for any associated fees for the required AP Exam. Colleges may award credit based on the AP Exam score. Expected cost to student for this course: $93.

Credit Type: MISD State Technology Credit

5891  Dual Credit Basic Machine Shop I (at Lone Star College - Conroe)

Grade Level: 11-12  Credit: 2  Term: Year

Prerequisite - Meet LSCS qualifications

Course Description: An introductory course that assists the student in understanding the machinist occupation in industry. The student begins by using basic machine tools such as the lathe, milling machine, drill press, power saw and bench grinder. Machine terminology, theory, math, part layout, and bench work using common measuring tools is included. Instruction is designed to provide job specific training for entry-level employment skills in metal machinist careers. Students must be 16 years of age. Course instruction provided at Lone Star College – Conroe Center (transportation will be available). This course is part of the Business & Industry endorsement in Agricultural Mechanics and Manufacturing.

This course receives advanced weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. This course will fill 3 class periods in the student's schedule.

Credit Type: State Elective Credit

5892  Dual Credit Auto Tech (at Lone Star College - Conroe)

Grade Level: 11-12  Credit: 2  Term: Year

Prerequisite - Meet LSCS qualifications

Course Description: An introduction to the automotive industry including automotive history, safety practices, shop equipment and tools, vehicle subsystems, service publications, fasteners, professional responsibilities, and automotive maintenance - AUMT 1405. Courses completed in the certificate programs may be applied toward the associate degree in automotive technology. Course instruction provided at Lone Star College – Conroe Center (transportation will be available). This course is part of the Business & Industry endorsement in Agricultural Mechanics and Manufacturing.

This course receives advanced weighting in the GPA. Student/Parent Contract must be submitted along with course registration form for Advanced and AP courses. This course will fill 3 class periods in the student's schedule.

Credit Type: State Elective Credit
