303 Longmire Rd. Suite 701 Conroe, Texas 77304

PH: 936 647 1188 Fax: 936 647 1212

We are excited to announce we are now offering Telehealth Counseling visits. This gives you an opportunity to connect with a therapist through our telehealth program during COVID-19. Telehealth practice uses live or real time video and sound to connect you with your therapist who is at a different location. You will have the convenience of receiving therapy while at your home or from a location that you deem comfortable for you to receive therapy.

The telehealth appointment is as private as if you were in the office. We use secure software to connect to you and your therapist. During the virtual visit, your therapist will be the only one in the room with you unless you specify otherwise. You and your therapist will all be able to see and hear each through real time video and audio. Confidentiality laws are the same for Telehealth visits as they would be for an in person visit. Telehealth will help us coordinate your care and give you the freedom to visit with your therapist from a remote location. Most insurance plans are currently covering Telehealth sessions at this time.

If you would be interested in participating in our telehealth program, please call or email us today to discuss your Telehealth Counseling options. If you are a current client and would like to participate in Telehealth read and fill out the attached form and return to us so we can get you set up to for your virtual visit with your therapist. Email us at info@daawcenter.com or call 936 647-1188

Sincerely,

Depression, Anxiety & Wellness Center Team
